## Customer Reviews

Each week's topic is broken down into six easy to read and understand chapters and one teen's story of how the week's lesson has affected them. The book covers a variety of topics that is relevant to teens today. The author (Rob Cook) writes as one who has been there. His goal of helping teens to have a better life and a closer walk with God is clear. I can't recommend this book enough! 5 Stars

I needed something for my 14 yr. old twin boys for a devotional that would not only help them in their difficult teens, but be interesting. This really fit that need. They loved it. They were going to only read one a day, but had to finish it, & now are re-reading it. This book is very down to earth & speaks to what is important to teens. It challenges them to do the right thing. Thank you for this book!

This book is In-Your-Face wonderful, and the author's sanctified irreverence is both its appeal and its value. Rob Cook writes concisely, in a hit-the-nail-on-the-head directness with Biblical precision. Take a clue from the first chapter: pornography in two pages. Shocking? The statistics are generally that 60% of churchgoers and 40% of pastors are caught up in this, not to mention its prevalence among Rob's street teens and young adults. I'm not a street kid; I'm a believer in Jesus and a practicing psychiatric nurse, and when I read *regener8*, I rejoiced that Rob Cook can say what needs to be said with such appeal to any audience, especially to those he mentors from the street. Should you read this book and pass it on? I'd say so; what are you waiting for?

*Regener8* is an our day kind of teaching for male teens and perhaps even young adults. It touches serious subjects and looks promising to answer deep questions of young men. Each chapter is clear and understandable. It might help many who read it, but even better if a study is held with more voices and the book is perfect for it.

I was asked by the publisher to take a look at this book. I wish there had been a book like this available when my son was a teen. *Regener8* discusses some tough subjects in eight-weeks: Porn, drugs and religion are just a few. But Rob Cook knows these issues are on the mind of teens. He has been ministering to street teens and throwaway kids for 13 years and recently through his ministry, *252 Underground*. I recommend this book to every parent of a teen, boys especially and all youth ministers. Get this book. Get into discussion with the teens you care about now. Don't wait. Offer them a valid Christian worldview defense to the dialog their peers and Cyberspace is already

having with them.

Highly recommend. Rob Cook has a unique way of getting his message across. He's real, straightforward, intense and yet you never feel offended or put off. He speaks the truth of God's word; you hear it, loud and clear. Gift it to a teen, but don't be surprised to find you want a copy for yourself.

Our family loves this book! We are in the 7th week and our sons are really engaged, asking many questions. We love the quality time it gives us, as well as the insight we as parents are receiving. Totally recommend this devotional for any family that has pre-teens and/or teens in it.

I may be a bit biased about my review because I know Rob Cook. But given that fact, I also know his heart, his love for teens and young adults and he has hit a home run with this book. I read a lot and Rob wrote this book in the right way. It's easy to read, challenges you to look inside yourself, asks you to make some tough choices but still encourages you by helping you realize the benefit of making the RIGHT choices! The bottom line is Rob has experienced everything he discusses in the book. He has lived these issues with teens for years helping steer them to a better path. He is a servant of God and is devoted to helping everyone around him. Pastors, youth group leaders, college age group leaders, young adult group leaders all need to use this book to help with their ministries. I firmly believe that everyone who reads this book will be better for it and will want to share it's message at every opportunity. I pray this book reaches teens and young adults across this country and creates a movement with such momentum a revival of the heart for God takes place the likes of which has never been seen before!
