When A Secret Kills (Deadly Reunions Book #3): A Novel

Synopsis

Investigative reporter Jillian Carter knows it's time to put the past to rest. She's tired of looking over her shoulder, letting a killer go free. She's no longer the scared kid who changed her name and disappeared. Now, no matter what the cost, Jillian must do what she is trained to do--ferret out the truth and expose it. Senator Frank Hoffman committed murder ten years ago--and Jillian watched it happen. Didn't she? Not even the enigmatic and attractive Colton Brady, her ex-boyfriend and nephew of the killer, will be able to make her leave this alone. Get ready for the spine-tingling, nail-biting conclusion to an explosive series.

Customer Reviews

After reading *When the Smoke Clears* and *When a Heart Stops*, I was really anticipating *When a Secret Kills* - the conclusion to Lynette Eason's *Deadly Reunion* series. Let me say, it definitely met my expectations (which were really high) and *When a Secret Kills* just may be my favorite of the series. Jillian and Colton were great main characters. I liked them from the beginning and, as the story continued, my affection for them kept growing. :) I did get a little frustrated with Meg, though.

loved the romance story in *When a Secret Kills*. It was sweet and realistic. I liked how the couple already knew each other and had been in love, but circumstances separated them, so it wasn't an "instant" romance. *When a Secret Kills* also had a lot of surprises. There were some things in Jillian's story I just did not expect. Oh, and I loved the ending! It was cool how Lynette Eason wrapped things up. Overall, I loved *When a Secret Kills*. This book held my attention from the beginning on and I had a hard time putting it down. I recommend it if you enjoy romantic suspense books. I think you should probably read the series in order, though, as it'll definitely help with context. Wonderful read! :) *I received a complimentary copy of this book for my review. I was not required to give a positive review, only my honest opinion - which I've done. All thoughts and opinions expressed are my own.** Available May 2013 at your favorite bookseller from Revell, a division of Baker Publishing Group."

Talk about a twist from what I thought the ending was going to be! A suspenseful conclusion to a three book series that can has kept me on my toes. I have been waiting for Jillian's story for three novels now. She has been the reason and the driving forward behind what our killer has aimed for. It takes courage for her to come back and face the man who she believes to be after her life and the girl doesn't get much of a break! It seemed with this title, there needed to be an explosion or death threat every couple of chapters to keep the tension level high. After a bit this pace became a bit old, but the romance leveled in was a nice balancing act. As I mentioned above, the end had a fantastic twist that I didn't see coming for three books. I think it was a surprise for our would-be murderer too. Talk about depravity...but it was interesting and different. Made for a "did that really just happen??" moment. Contemporary suspense with a flair of romance and more than just a pinch of fast finger-flicking through the pages. A weekend read sure to keep you up late to find out "who did it". This review is my honest opinion. Thanks to the publishers for my copy to review. ** Available May 2013 from Revell, a division of Baker Publishers**

This third book of the *Deadly Reunions Series* is the icing on the cake. Lynette Eason has written a well researched thriller that kept me anxiously reading to see what happened next. It's the third in the series, but can stand alone. I enjoyed reading these books. Well thought out, all details covered, a real find. And, as with the first two books, don't start reading them at night...unless you want to stay up late (like I did-but it was totally worth it!)

Jillian Carter witnessed something that caused her to run 10 years ago. Now someone has found

out where she is. She comes home to get the proof and confront the killer once and for all. From the start, someone attempts to kill her and keeps on trying. Her friends help her, but can she trust Colton Brady, her high school love, who is related to the one she's accusing? Can she tell him her even bigger secret? Great conclusion to the series. Lots of action, lots of suspense and twists and turns. Well-written and enjoyable read

Lynette Eason has masterfully created a suspenseful 3-novel story built on a single event. It occurred on high school graduation night and was witnessed by Jillian, one of the graduates, but critically involved two others, Alexia and Serena, by potentially placing the lives of all three in danger. Others have sketched the plot so there's no need to repeat that here. But if you are looking for a clean, gripping and suspenseful story, this series fills the bill admirably. In the first book in the series, *When the Smoke Clears* (free at this time on), Alexia is the leading character, and in the second and third books, *When a Heart Stops* and *When a Secret Kills*, Serena and Jillian respectively are the protagonists. It's really one story, but each book is complete within its own framework, so the series doesn't have the feel of having been broken apart to produce more revenue. They do, however, need to be read in their proper sequence. Each book has a romantic thread, but the stories do not belong principally in the romance genre. Lynette Eason is a gifted writer, all of whose books I will definitely read.

I am a huge HUGE Lynette Eason fan, I cannot get enough of her books! Fantastic read, suspenseful, gripping, and of course centered on God. I always love how her characters develop throughout the book or series of books. Another winner from Lynette!!!
