Mox Nox

Synopsis

This book collects the Spanish cartoonist's twisted comics, which are popular on Facebook. Spanish cartoonist Joan Cornella's viciously funny Mox Nox single-page strips are wordless, full-color, hand-painted marvels of the form. That his visually inviting artwork is in the service of Cornella's graphic sense of humor/horror only heightens the appeal. Mox Nox is populated almost exclusively by smiling psychopaths who invariably turn even the most mundane situation into a side-splitting and cringe-inducing farce. Full-color illustrations throughout

Customer Reviews

Joan Cornella's surreal comic strips are a weirdgasm you may never recover from. I consider myself a connoisseur of the twisted, but even I was left wondering, "What the hell was wrong with this person?" Every frame is exquisite. It's humor at its darkest and art at its most hilarious.

This was a Valentine's Day gift. I was really happy with the price and the overall quality. I'm a tactile person, so the paper texture is very important to me. This is a cool book for Joan Cornella's fans or a nice surprise for those who don't know him yet and are just fans of comic art.

I love this book, and all of Joan Cornella's artwork. However, I was really disappointed at the care the product was shown. The book arrived with indentations in the cover like it had been thrown around and poorly handled during shipping.

Really funny stuff! I'm happy to see it readily available in the States.

Its pure gold, when i saw it in stock, didn't think twice just bought it, now i have readed it several times but the book has magic by itself, 100 times better to explore the book in physical than watch it online, waiting for Zonzo!

Finally a book that tells all the emotions that I feel that I can't put into pictures myself. This book got me thru my 5th divorce, easy peasy.

The quality of production of the physical book is lacking. That's not why you buy this cherry. Keep this one away from kids!

its a masterpiece i was extemely excited when i got it and am excited everytime i open it definitely worth the money
