# Star Wars: Darth Maul - Son Of Dathomir (2014) #1 (of 4)

## Synopsis

Getting cut in half by Obi-Wan Kenobi and being rejected by his former Sithmaster Darth Sidious isn't going to defeat Darth Maul. In fact, it only makes him mad enough to take on the galaxy, with an army of Mandalorians!

## Customer Reviews

Another reviewer said that only Clone Wars veterans need apply; however, I have only watched the first eight episodes from Season One and I loved every bit of this! The story is dark and interesting, the characters and battles are awesome, and the art is stellar. This is my first Star Wars comic book and it has already made me want more Maul and Dooku. Get it!

Overall I have loved all things New Canon that Disney has done with the Star Wars universe, but this series is just bad. I love Darth Maul, he is one of the best parts of the prequel trilogy but in my opinion he should have stayed dead. One of the problems that I had with the old Canon was how characters, like the Emperor got brought back to life via cloning or another method. This to me cheapens the world that has been created, it lessens the stakes. That is one reason people love

Game of Thrones because George R.R. Martin isn't afraid to kill off a character you love. No character is ever 100% safe. Darth Maul could have been a great villain, I think it was a huge mistake to kill him off in Episode 1 but that was the choice George Lucas made. When The Clone Wars Series and then now Star Wars Rebels says 'oh you know what we need a cool bad guy lets just say Darth Maul lived.' it cheapens Qui Gon Jinn's death and Obi Wan's victory over Maul. It ultimately cheapens the series because now we are saying that any character can come back.

If you haven't seen all the seasons of "Clone Wars" then parts of this comic won't make sense. Didn't Darth Maul die at the end of Episode One? Nope, he's back in this comic with robot legs. The comic tries to get the reader up to speed with a little bit of exposition explaining some of the events in "Clone Wars" that deal with Darth Maul's resurrection, so even if you haven't seen the pertinent episodes (which I haven't), you'll get the gist of what's going on. Even so, I found it a little hard to care about this grudge match between Darth Maul and his former master. There's lots of action. Some Jedi and Mandalorians get killed. But will they stay dead?! Somehow we managed to get Maul back to life! Let me also go on record as saying that I think the horns look dumb on the helmets of Maul's Mandalorians. The art was acceptable, and the writing was good enough. Neither amazed me. This comic is only essential reading for people who've enjoyed watching Darth Maul in "Clone Wars" and want to know what happens to him. If you've only seen the movies, then you'd probably be better off skipping this one.

Darth Maul is one of the star wars characters that had a small part in Phantom Menace but has a tremendous back story thanks to clone wars. The art is crisp and uncluttered. I only gave it 3 stars since the story isn't over. I will definitely buy the second installment,

It was a good book and I hope it gets more attention. I gave it five stars because it is the story after Palpatine killed Savage and captured Maul and it is great to know what happens to such a important character

This book shows Darth maul remains powerful after his defeat. I gave this book 5 stars because it starts off right after the last time we see him on the clone wars. It even has characters from the clone wars.

I wanted to learn more about Maul in between his appearance on Clone Wars to his appearance on

rebels. I now have the story, I also get why he wants to destroy Vader and the Emperor on Rebels

Maul lives on! .... Again! Ever wonder what happened after the duel between Maul, Sidious, and Opress? Look no further. Read this series. Also, the Mandalorians are always entertaining.
