Synopsis

From RITA award-winning author Susan May Warren comes a new action romance. Book 2 in the Montana Fire: Summer of Fire trilogy. She can't forget the man she walked away from . . . Liza Beaumont knew she was playing with fire when she let smoke jumper Conner Young into her life. Just friends, she promised herself, but she couldn't help but fall for the tall, blond firefighter who needed her. But loving him got her burned, and she's not about to risk her heart again. His one chance to get her back . . . Conner Young knows he blew his one chance with Liza. His personal losses and his profession made him wary of offering any promises he couldn't be sure he'd live to keep. So he let her walk away, but he never forgot the place she'd held in his heart. A race to find a missing girl . . . Until Liza is attacked in the mountains by a rogue grizzly. Her panicked phone call alerts Conner to everything he lost and still wants. Now, with a teenage girl missing in the woods, and a predator on the loose, Conner and Liza must fight against time and the elements to save her. But when the old friendship ignites into fresh sparks, are they setting themselves up to get burned again? And when disaster happens, will their nightmares pull them apart, or will they find the courage to survive? Customer Reviews

THIS BOOK!!!!It has to be the most exciting, romantic, hold on to your seat, intense adrenaline rush, suspenseful book I've read this year!!!The overview's in the book description above and I won't give any spoilers, I'll just tell what I loved about the book, and that's EVERYTHING!!! Playing with Fire is the perfect title that has handsome, tragedy-plagued Conner running from making promises to beautiful, kind, promise-needing Liza. Neither wants to get burned, but as the Robert Frost saying goes, "the best way out is always through". Their attraction is instant and palpable throughout the story. At one point Conner thinks his heart might explode, mine too! The sparks were flying so fast and furious I thought my kindle might catch fire. Be still my racing heart! This story has a swoon factor of 10+. I was in emotional knots for most of the story andCould. Not. Put. The. Book. Down!!!On top of a fantastic love story, there's also the overlapping wilderness experience of Conner, Liza and the search and rescue team trying to find lost Shep and Esther before it's too late, providing enough adrenaline rush to keep me turning the pages as fast as I could. I held my breath more than a few times, having to remind myself to take a breath. Yes, it's that good.I loved book one, Where There's Smoke, and wondered how Susan May Warren could top that story, or at least equal it. But she did! This is my favorite in the summer series so far, actually, my favorite book this year! It's full of everything I love in inspirational fiction, suspense, drama, humor, action, and romance. A reader just can't ask for anything more, Susan May Warren gave it all. She always does a beautiful job of tying life circumstances into spiritual truths.

Fresh out of adrenaline? Donâ™t worry. Read this book and your cup will runneth over! I could feel my pulse pounding in every square inch of my body for more than half of this novel, and Iâ™m still not sure whether the romance or the search and rescue should take the greater part of the blame! Needless to say, Susan May Warren has turned out a fabulous second instalment in her Montana Fire series. In fact, I enjoyed this one even more than the first.While the prologue hooks us firmly into the main story, the opening chapters take us back three years ago to Deep Haven and the fire that sweeps through in 'Take a Chance on Me', the first novel in Susan May Warrenâ™s Christianson Family series. Over the course of the first few chapters, we are able to see how Conner and Lizaâ™s friendship developed, and from the beginning I could feel the depth of the

emotional connection between them, going way beyond simple physical attraction. These two are a little less fiery (if youâ™™I pardon the pun) than Jed and Kate from the first book in the series, and I identified more with the quiet intensity of Connerâ™™s and Lizaâ™™s personalities as they tried to keep their friendship within the boundaries they had set for themselves; because when it comes down to it, Conner refuses to make any promises when it obvious he has no control over what might happen to him in the future. And Liza refuses to give her heart to someone who wonâ™™t promise any tomorrows. But that romantic tension â™™ mm, mm! Loved it!! In contrast to the first few chapters, the rest of the book is an intense 48 or so hours as Liza, Conner, and a small crew of searchers try to find Shep and Esther â™™ two teens who have gone missing from Camp Blue Sky.
