It has been a fairly good series so far, with the story going more toward everyone dealing with their own feels instead of who's key will fit the lock..Though what I find really interesting, is that this has come out already on the Kindle, but is showing January 2015 for print. Wonder what the large difference in time is between digital release and paper release. Couple of the hard copy/digital copy released here have at least a couple month difference. Though no word on volume 8 yet for digital or hard copy.

Nisekoi: False Love, Vol. 7: The Reason introduces a rival for Chitoge's friend and bodyguard, Seshiro; her name is Paula McCoy A.K.A. "White Fang," and she's a deadly assassin like Seshiro.

They engage in a contest: who can steal a kiss from Raku's lips? And then Chitoge's workaholic mother comes into the picture. She has a test of her own, to see if Raku is an acceptable match for Chitoge: he must be the mother's secretary. There is a touching moment at the end of the volume, but overall, this book is more a collection of short anecdotes rather than an ongoing story. You do find out a little more about Chitoge and Seshiro, but their characters don't really go anywhere with relation to the overall story. Reading this volume, I do get afraid that this series isn't going anywhere. Don't get me wrong - I still love the series - but the overall love pentagon simply isn't advanced in these 200 pages. ****

Let's enjoy Raku's way of school life with cute girls. Well, the story is slow at progressing, but it is still a good read. Funny good artwork and cute girls, that's all its need to get me hook in. Looking forward to next volume. Edited: Decided to not continuing buying this series because the story is going down hill, hate Raku so much and it just suck right now.

~4/5 I seem to have less and less to say about this series. Just because I enjoy it. It's goodâ "very good. The art is so pretty. I love the characters. We had several different plotlines here. We meet a new character who fights with Tsugumi. Chitoge wants some attention from Raku, which was adorable. Ruri loses her glasses, and we see a serious side of Shu, and duh they should just start flirting already. And then we meet Chitoge's mother, who is surprisingly scary, but also makes sense. Their relationship was sweet, if rough, and I liked seeing the depth it added to Chitoge's character. It definitely added more chemistry between Chitoge and Raku, too. I'm pretty much all for Chitoge at this point. I still like all of the other girls, but she's the one, as far as I can tell, for him. I still really like Onodera, though. And I like how Tsugumi pretty much just wants Chitoge to be happyâ "she's such a good friend. I like that the girls all have actual friendships between them. This is just plain excellent, for harem, for comedy, in general. I love it. Gimme the next one. [More of my reviews are available on my blog, Geeky Reading, to which there's a link on my profile.]

I love anime and always will! I loved this book because it has lots of good pictures and the last comic was awesome!

I really enjoyed this series and I can't wait for the others to be released!
