Fancy Nancy: Tea For Two

Synopsis

When Nancy is invited over to Breeâ [™]s house for a special tea party, she has only one thing to say: oui! The girls enjoy a few charming cups of tea before a disaster occurs that sets the two at odds. Will Nancy and Bree be able to save their friendship?

Customer Reviews

I'm on the fence here people. I love these fancy Nancy books and think they are adorable and sweet. I have a lot of these books not just this one. My daughter loves Nancy especially because she has curly hair and is a ballet dancer just like my daughter. See, My daughter is nearly 4 and totally understands this book fine. But I think understanding it is the problem. It's a sweet story idea but the problem I have is when the girls fight, how they talk to each other. It's pretty hard to explain why one girl yells at another one to leave her house and that she refuses to place any more. And one saying that she will never come back. My daughter is now under the assumption that when she quarrels with anyone she can tell them to leave and never come back and she doesn't want to know them any more. It was funny at first but it's a nasty habit all from reading the book ONE time. As a

parent I really value respectful kind behavior to everyone and really try and drive home respecting friends, elders, siblings, and everyone so I felt like maybe this made my daughter thing being disrespectful was ok. So, I had to give the book to the library for some one else that's maybe older to enjoy. I have a dozen fancy Nancy books though and all of them are fantastic and so sweet. The writer is so clever and fun with her ideas and point of view of Nancy. I'll definitely be buying more Nancy books, just this one was off the mark for me.

My little one has me read this to her every day - yup, it's THAT book. She now wants a tea party birthday. As a parent I think it's a sweet story of friendship, love the vocabulary, like that the parents are respected/ obeyed in the story, don't love the emphasis on appearance that comes with the Fancy Nancy books, but my little one loves being fancy too, just who she is, so we will just work on the real meaning of beauty in other ways, so over all I say the good definitely outweighs the bad. Side note- we got the other tea party Fancy Nancy book too...it's more of an instruction manual and not as entertaining, this is the one to get.

I was strongly encouraged to expose my "Fancy Nancy" to this series because of it's fanciness. She enjoys it very much and finds it quite entertaining. The fancier that better and that is exactly what Fancy Nancy gives you. Being able to read about the dear friendship and that friendship is not always fun is a great beginning to understand things don't always go as planned. Being able to know what you are feeling and express those feelings is great for any child to learn. Even though I am not a "Fancy Nancy", I am accepting the little one I have. We have purchased MANY Fancy Nancys. And this series is great at increasing vocabulary and a foreign language. It's GREAT!

This book is a must have for planning the perfect Tea Party withyour favorite little girl. Beautiful illustrations and greattips. My Granddaughter aged 5 and I love it!!!

We took our two and a half year old daughter to the book store to pick out a book, and she came out with this one. We read it probably at least once a day because she loves it so much! I thought she might be a little young for the book but she always listens intently and tells me that the girls used teamwork and are friends. This is our first experience with Fancy Nancy but I hear that the others are also good so we might start a collection.

I got this book for my 3 year old. We'd never read a Fancy Nancy book before this, but she really

liked it. It has a great moral about friendship, sharing, taking turns, and apologizing. It does end quite abruptly, but other than that, the pictures are great, the story is fun, and the dialogue is very preschool age appropriate. We'll definitely be making Fancy Nancy a regular read in our house!

Small!! But cute- I just wanted to post a photo so that others knew the actual size as I expected them to be a bit larger.

I purchased this book which was beautiful and artistic to include in a raffle package for a grade school raffle prize. I had teddy bears, tea set, tea cookies, tea, hat and mittens, jewelry, tea mug and tea plate, sitting on a wooden buckboard.
