Age Range: 4 - 8 years

Grade Level: Preschool - 2

## Customer Reviews

My 3 1/2 year old daughter loves the Pinkalicious books! She also loves pumpkins (and Halloween, not that this book is specifically about Halloween), so I ordered this book right away when I saw that it was soon to be released. We read it for the first time last night and my daughter loves it!!! It's beautifully illustrated as all the Pinkalicious books are and this one is a "lift the flap" book, which my daughter was especially excited about. The story is cute too! So glad I ordered it!

My girls (ages 3 and 6) are big fans of Pinkalicious and we have purchased every book. We pre-ordered this book when it came out and have had it for a while. My oldest chose it the other night for Daddy Double Story Night (bedtime stories from Daddy with both girls when Mommy is not home), so it was my first time reading it with them. This turned out to be a great lift-the-flap book. It is another one of those very happy stories with Pinkalicious and her brother Peter being happy kids.

The best part about the story is that it is very positive throughout with no "Mean Girl", "Pink Stinks" negativity that is found in some of the books. Peter does trick Pinkalicious a few times, but it is all in good fun. The story is all about Pinkalicious and Peter going to visit Mr. Pink's farm. Pinkalicious expects all the pumpkins on the farm to be pink, so she is surprised when the pumpkins are plain old orange. Undeterred, she goes on a mission to find that elusive Pink Pumpkin somewhere on the farm. Despite that tricky Peter, she perseveres and we end up with a happy ending to the story. It turns out to be a really happy story that is totally based in reality with no crazy, unrealistic fantasy journey in the middle of the book, like some of the Pinkalicious stories. Both girls really enjoyed the book and loved taking turns lifting the flaps. My 3 year old, who is just discovering Pinkalicious, wanted to go through it again by herself to lift all the flaps one more time before bed. Long story short, this is a fun lift-the-flap book that has a positive and fun story with a happy ending, great artwork and is a great reading book for more advanced young readers. A great Pinkalicious book. Highly Recommended!

Pinkalicious is great as always but this one doesn't hold the interest as long as some of the others...the ending is great but it's difficult to hold the attention until then even with the wonderful lift-a-flaps (which normally that alone would have them loving the book). Maybe after the girls (turning 3 and 5) have heard it a few more times it'll be OK. Throughout the story Pinkalicious is looking for a pink pumpkin at the pumpkin patch (b/c the owner's name is "Mr. Pink") so there are pink items hidden behind the flaps and when the flaps are lifted, Pinkalicious is disappointed b/c it's not a pink pumpkin. At the end Mr. Pink is found behind the final flap painting a huge pumpkin pink for Pinkalicious...It sounds like a very cute and enjoyable story--unsure why the grandkids haven't taken to it like they do other Pinkalicious books. One mother expressed that she wished the author would have Pinkalicious change colors more etc. I second that wish! I believe the children like that best (as in the original book).

Our Pinkalicious collection is growing, because these books are so darned cute, and.... well, PINK! The illustrations are adorable, the characters are cute, there's always a happy ending -- what else would you need? If you've got little readers in your circle who love pink, this book makes an easy choice for a gift that will be well appreciated.

I didn't realize that this is a book where you lift up flaps. This is my fault as the disclaimer is on the cover in the lower right. I wouldn't have bought it had I realized that. There is not as much of a story

due to the flaps.

It seems I'm fast on the way to buying up every Pinkalicious book ever written. But my kids are big fans and these books have easy words, making them simple for young readers. Pinkalicious and the Pink Pumpkin is as fun a read as all the rest.

I'm pretty sure my daughter has read just about every pinkalicious book! The stories are fun and really cute. When Pinkalicious gets to Mr. Pink's pumpkin patch and sees only orange pumpkins, she is disappointed but decides not to give up until she has searched the place up and down. This is an accelerated reader book. I'm always looking for interesting AR books for my children to read since they have to have so many points every grading period. (AR) reading level 1.9 - AR Pts: 0.5.

My daughter can't get enough of Pinkalicious and we were very excited to see a new book! This particular book has flaps you lift and look under and my three year old really loves participating in the book reading process. A definite win for us!
