The Adventures Of Sir Lancelot The Great (The Knights' Tales Series)

Synopsis

Many years ago, the storytellers say, the great King Arthur brought justice to England with the help of his gallant Knights of the Round Table. Of these worthy knights, there was never one so fearless, so chivalrous, so honorable, so shiny as the dashing Sir Lancelot, who was quite good at defending the helpless and protecting the weak, just as long as he had his afternoon nap. Behold the very exciting and very funny adventures of Lancelot the Great, as only acclaimed Arthurian author Gerald Morris can tell them.

Book Information

Series: The Knights' Tales Series (Book 1)

Paperback: 96 pages

Publisher: HMH Books for Young Readers; Reprint edition (May 18, 2009)

Age Range: 7 - 10 years

Grade Level: 2 - 5

Customer Reviews

I wonder just how long Gerald Morris can continue to fly under the radar? By all rights the man should be as well-known and rich as Brian Jacques and the like. His "Squire's Tales" set in the world of King Arthur are funny, smart, and harbor just the right mix of authenticity and plumb good writing. They are, however, generally written for older kids. The tween to teen market, if you will. As a children's librarian, however, I notice that it's often younger kids that are asking for King Arthur stories. Kids that are reading on their own but still need books that are around 92 rather than 350 pages to sustain their interest. Kids, basically, who just want some early chapter books about Camelot and the Round Table. Up until now I was up a tree when this sort of request wafted my way. My children's room has picture books and long chapter books and not much in between for this

particular brand of reader. Now that problem has been solved and it is entirely due to an author who could not have been a better choice for this subject matter. As the first in his "Knights' Tales" series, "The Adventures of Sir Lancelot the Great" takes its cues from classic legends and then renders them not only readable but hilarious. Considered the greatest of King Arthur's knights, not many kids know that Lancelot was a prince in France before he was a legend. Having heard tales of King Arthur and his knights of Camelot, Lancelot wanted nothing more than to go and be accepted as a knight. After accidentally defeating all of Arthur's knights in a tournament, Lancelot is hailed as a great warrior... which of course gives every young upstart in the territory just the excuse they need to go and attack him.
