The New Lady In Waiting: Becoming God's Best While Waiting For Mr. Right

Synopsis

You Are Worth Waiting For! In a world consumed with quick-fixes, superficial romances, and hook-up relationships, maybe you're asking: What's the benefit to actually waiting for God's best? Is there a perfect plan for my future; or is it just a fairy tale? Should I just settle like everyone else? With all-new insights from Jackie Kendall, a new generation will answer these questions and discover what made *Lady in Waiting* a life-changing encouragement to over half a million readers worldwide. You will learn to:

- Step into your royal identity as a daughter of the King and experience contentment, security, and patience in your life
- Protect your purity as you see how God sees you; valued, beautiful, and one-of-a-kind
- Take advantage of the waiting process and use it to become a woman of devotion, faith, and conviction
- Refuse to settle for anything or anyone less than God's best for your life

Enjoy the wait, embrace the journey, and experience the extraordinary power of being a Lady in Waiting!

Customer Reviews

I have been privileged to read *Lady in Waiting* by Jackie Kendall. Wow - I originally got this book to talk about these important concepts with my daughter as she begins to enter middle school and begins to focus on boys, looks, etc. I wanted to help her keep her focus where it should be - on God first and foremost. I absolutely loved the way she described her engagement as well as her wedding. I was challenged that even though our engagement and wedding didn't take on that form, I can look for and pray, asking God to give me opportunities like that in my daily life as well. However, I ended up getting much more out of this book than just a learning tool for her. I realized that I have

never found my completeness in God and instead used to look for it in â œgetting married, my children,â • Etc. I realized that even though Iâ™m happily married to my husband for over 15 years and I may have squandered my single years (got married later in life) instead of using them wholeheartedly to serve God (something I hope to teach my daughter differently), that cycle can end here. My husband supports my relationship with God as He himself has a strong relationship with our Father. I realize that the more time and effort I put into cultivating the relationship I have with my Father, the healthier I will be as a wife, a mother, and a person in general. I can break the cycle I have perpetuated starting now (one thing I love about God is it is NEVER too late to be restored and healed) and it will only enhance my marriage, my parenting, my life in general. And itâ™s exciting to me.

This edition of Jackie Kendall's books about becoming a lady in waiting is the 20th anniversary edition of her classic material. What differs in this book from the others in her series is the way the book is presented; the author talks directly to her target audience--young ladies in waiting (for boyfriends, for dates, for mates). To quote the author, "What we did with [this book] was update and enhance: update some of the material to enhance the principles that are time-tested. So you will see lots of new illustrations and added examples woven right in with the original text. There are a number of issues that have become HUGE in our culture among singles since twenty years ago: Internet dating, social media temptations, same-sex attraction, pornography and other sexual taboos (like dating married men), to name a few. Absolutely every principle to guard and guide the heart that applied to single gals twenty years ago applies now. The particulars do not altar the principles."In essence, this is not just another guide for singles. The focus is not on a woman's status but on the state of her heart. There are ten basic precepts that the author has derived from the study of the book of Ruth, an Old Testament book of the Bible. She explains how Ruth demonstrates all these tenets throughout her books and presentations. The ten principles are the foundation of Jackie Kendall's ministry for the past twenty years. The books are heavy on application with plenty of real life scenarios the author has gleaned over the years. One of the most striking statements the author says in this 20th edition bears repeating often.
