Fairy Tail takes place in a world that is a sort of schizo version of ours. It has a folks dressing in fashions from many different eras, trains exist, and other things so far that seem to place this at no specific era, but a purely fun, fantasy world. In this world we have our hero and heroine. Well, our main hero and heroine, as this manga starts with loads of characters, and it wouldn't surprise me if it just got worse from there. Anyways, introduced in the first volume, we have our main hero Natsu and main heroine Lucy. In the first volume they met when Natsu saved Lucy and inducted her into the guild of which he is a member, "Fairy Tail". Obviously, this is the reason of the manga's title. They had a few adventures which continue on into this one, basically two short, but rather simple, story arcs. About midway through this volume is where the first truly serious arc appears to be starting. Erza, the most powerful member of Fairy Tail, whom everyone fears, come asking for help. She is onto a case of a "dark guild" that is out to cause serious trouble, though she doesn't know what that trouble would be yet. A "dark guild" is a guild that refuses to obey the laws by doing numerous evil activities including assassination. Because of this, they are banned and declared illegal.Lucy is eventually roped into this to help mediate on the mission between Natsu and another

wizard he fights with a lot, both of whom were chosen by Erza for the mission. This manga so far is quite interesting. Some might dislike the fanservice, as the mangaka gives a lot of glimpses of the attractive garb of the characters. but then again, he also does the uber-muscular guys showing off pecs, so it is kinda fair in that department.
