For many years, the Lord himself has called me a prophet to the nations. The first time I heard the Holy Spirit refer to me in that way, I hadn't even been a Christian an entire month, and I was terrified. I knew how prophets were treated in the Bible. I told the Lord, "No way...make me a healer or a teacher. I don't want the prophecy gig." I just didn't understand what prophecy was, or why I was chosen to be one. If you've ever felt that way, or experienced something similar, I encourage you to get this book. It will explain everything you need to know and you will have nothing to fear. I think a lot of people in Christian circles are afraid, or at the very least leery of the word Prophecy and Prophet. They simply have never been taught what it is, how God uses it, and why we need it. Over the last ten years, I've had to learn how to use the prophetic gift the hard way...through trial and error and I still have a lot to learn. This book has taught me to go even deeper and helped me to grow in ways I can't even put into words yet. Matthew and Laurie teach in a easy to understand, non threatening way. From the start, you get the feeling that they are sitting down and talking to you personally, one on one about their personal experiences and knowledge of the prophetic. One of the things I love about this book is that it is co-authored. The reader gets to have two different insights on each chapter that compliment and enhance what the other is teaching, so you get a more complete understanding of the subject in the chapter. I have to say, I wish I had this book ten years ago as a new Christian. I would have been better equipped to understand some of the experiences I've had with the prophetic.

"Sir, I perceive that you are a prophet," John 4:19. Chapter 9. The Prophetic Supernatural Experience truly is a remarkable book, created by remarkable people. Harvesting all of the wonders of the Bible in respect to prophesy in such a natural, understandable way, the authors, Matthew Robert Payne and Laurie Hicks, methodically introduce and share believable life experiences thrown at them that developed into spiritual revelations leading to the pathway of prophecy. The wealth of information is amazing. Prophecy is explained in a simple way so that to show this gift is from God. Warm and personal, every chapter comes to life with important information about today's prophets. Blending God's supernatural powers with a pinch of psychological insight, the drama of living to prophesize unfolds. Written so beginners will understand and anyone at all with curiosity will find it worth reading. It's a guide for learning about prophecy and how to deal with it, if you are

chosen by God."However, the point is: He chose you to be His mouthpiece and what a privilege that is." Chapter 10. Reading about the changes that took place in Matthew and Laurie's lives you will see a little bit of the strange behavior from people that they approached; skittishness and concern from the ones they were chosen to prophesize to. That was a pattern that came and went, and how they stayed with the faith to learn about prophesizing more and understand what the prophetic messages meant was a daring act of faith on their part. With guidance of Ministers, a Bishop and other religious figures in their lives they accepted this gift, nourished it, and helped many people with the various prophesies they received.
