Finally My Heart's Desire (Meant For Me Book 2)

Synopsis

Emily Bennett had her future all figured out. Her boyfriend was heir to one of the largest oil fortunes in Texas, and she was growing accustomed to a life of luxury and prestige. The only problem was that he seemed to be more possessive of her with each passing day. When she stopped to think about it, that wasn't the only problem. In recent months, they'd been growing apart, and she wondered if they were compatible at all. She struggled with the thought of abandoning what should be every girl's dream. It wouldn't be easy, but with a little faith and the spark of a new flame, she might just find her heart's desire.

Customer Reviews

I just finished reading this wonderful book, I hadn't read the prequel and I'm not sure that was necessary to enjoy this excellent and unique emotional journey, I was just sucked into an original story with well developed characters and a plot that grabbed my attention in every chapter. Having been in an unhealthy relationship with a clingy, insecure and untrusting partner, I really related to the dilemma that Emily was facing with her difficult and trying relationship with Robin... Oh Robin...

What a brilliantly written character! As if he was conceptualized by my ex-partner! The writing was just superb, so engaging and presented by one of decades of experience and skill. I won't reveal any plot here because every chapter is a stepping stone that you must enjoy for yourself.

Altogether, this was an interesting and original concept for a plot and I enjoyed it thoroughly! 5 stars for quality writing and compelling story, a recommendation from me for anyone who loves rich character development and multi-emotion stories!

Another enjoyable read, with drama, humor and romance! I liked The characters Emily, Shane. . . and Thomas. It was nice how they included Thomas, with Down's syndrome in all their family events, showing how special and loved he was. And once again I liked the Christian emphasis through out the story.

Emily, learns this very important lesson when her very wealthy boyfriend's action turn violent. She learns that going back to the basics is the best way find peace during a difficult time. Of course, sweet Thomas is such a star and helps the good romance right along. Ms. St James again delivers an outstanding and inspirational romance.

I actually stayed up until 2am to finish reading it! So much about trusting God & letting Him lead. Good lessons on abusive relationships & this series also shows what a joy it can be to have special-needs children & people in your circle of friends.

Very well written. The story reminded me of that of a very dear friend and the challenges she has faced from just such a boyfriend. Brooke St. James seems very talented at taking on social issues and giving characters a chance for redemption and healing. Looking for more great stories from this author...

I read a book every two or three days. Many are good, most are average, but this author is deep. She creates emotion in the reader both happy and sad....but in a good way. Good, clean and wholesome read just waiting for the next chapter. You will not want to put it down until finished!! Love it!

This story is solid and entertaining. However, the surprising need for editing was a significant distraction. It was both unusual and disappointing to read incorrect use of verbs and poor phrasing

in an otherwise well-written story. The lack of editing makes the story seem more like a high school composition in need of teacher correction than a published work available for sale.

Emily Bennett loved Shane Rollins for years even though it started with a big crush at the age of 14. You need to read about the seriousness of this young girl when it came to this young man. Emily has been dating Robin Buller for 3 years, he is from one of the wealthiest families in the state, from cattle but mostly oil. He has a big problem with his temper and jealousy over everything concerning Emily, and it is starting to physically abuse Emily. You need to see how this young jerk feels his money and all the games he plays he gives her entitles him to do as he pleases. I could say more about these s jerk but you need to read the story.
