## Customer Reviews

This book is an incredible step-by-step guide to finding a faith in a loving God. It is both simple and comprehensive at the same time. Extremely well written. I recommend it to any one trying to figure out how to really make that transition from a life of emptiness to a more fulfilling belief in God.

This book reunites the sinner with his/her creator. It examines the creation story, the path that Christ travelled to secure our salvation, and his ever out stretched arms of invitation for us to join him in the new heaven and earth that is being prepared for us.

Within these pages lies the truth about good and evil. As you read this book be prepared to be amazed at the volumes of information that is related to the reader in such a short time. This is the most compelling compact book of the century being around one hundred pages, but within those pages are inspired words that will touch the very heart of any reader. This is an awesome book and a must have for any library.

This is the best book I've ever read on how to come to Christ. I especially like the chapter on prayer. It really encourages me and helps me see Christ as my friend!

"Steps to Christ" is a wonderful book! If you could just read one book, this would definitely be the best one to read indeed! It brings God's love closer to you than you could ever imagine. It opens your eyes to just how much God really loves you, a love that none of us deserve. This is a must-read classic! I would highly encourage anyone to get this book and read it and pass it on! You'll never be the same. It opens to the heart the great impact of the Gospel and shows the way, the only Way, to salvation-Jesus Christ.

This is by far the best book on religion I have ever read. The case for Christianity is stated in simple language and the basics of this religion are explained very well. Everyone should own this book.

Of all the materials we have read pertaining to Christ, Steps to Christ goes straight to the heart without any bias. It actually gives you an understanding of how our Creator is so loving that no matter how sinful we are we can come to Him with a broken and contrite heart and He will not turn us away. My wife and I study and reference Steps to Christ on a regular basis. We highly recommend this book to everyone.

Of Ellen G. White's many astounding books, this is probably her best seller. Literally in the tens-of-millions. A beautiful guide to understanding and personally accepting Jesus Christ and His Grace. The perfect gift for anyone even considering following the Son of God. And despite false accusations from many, after reading her inspired works you'll better understand why she is

America's all-time best selling female author, and most widely translated of any gender. A beautiful light to the real Biblical Jesus.
