## Customer Reviews

Biblical Dream Symbols Dictionary 2nd Edition is a great resource for beginning learners of Christian dream interpretation. Mr. Wolfe notes in the book that his symbol meanings are limited to the dreams he's interpreted over the years and that's what makes this perfect for those just starting out. Mr. Wolfe's website is one of a few that the Dream Team I'm on uses in Level 1 training for new interpreters. This book is an excellent resource to have in a believer's library if for no other reason than the price.

This book has every a symbolic meaning (A to Z) you could think of, rather dream of. It has a short description of the dream symbol along with a scripture reference (you have to look that up in the Bible). I now refer to this book rather than going to the internet, because it's hard to find a biblical and spiritual read on dreams. I gave it 4 stars because of the cover design, but then again maybe the author had a reason for using the color scheme according to his book.

A great tool to take with you, I have a few books but this one I have with me if I have my phone with

me. So I can interpretate dreams and it symbols at work, with friends etc.It's wise to compare and combine more of dream books (but be aware from what source) you will get a deeper understanding of the dream and its meaning.

This book is no different then the first book. I bought this book thinking there would be more and bigger content like it said. But it is exactly the same. The contents show more pages, but same words. Maybe its the kindle version I have..?? I was disappointed. I don't know why he wrote the second edition....If you want to review his first book you can see the full content free at [christiandreamsymbols.com](http://christiandreamsymbols.com)Hope this helps. \*shaking my head\*

This has been a good tool in discerning what God is saying in my dreams. I stress it is a tool and not God's word. When I have a dream from God I use this to help identify things and take it to God and ask Him if that's what He is saying. It's been very helpful.

It's about time the true sons and daughters of God stood up and take back what the enemy has stolen from us. I thank God for Tylor Wolfe, we need more people like minded. God is personal, emotional and vocal but religious lazy people are afraid to find out what he is saying.

I really enjoyed the book it was actually bigger than what I had expected which is great and I would recommend it to others who would want a biblical or spiritual view on dreams!

For anyone who can discern which dreams are from God, this book will help you interpret symbols in your dreams and it's helpful that each symbol has scripture tied to it so you could reference the bible. Highly recommend for any visionaries like myself
