Customer Reviews

I absolutely love this book. It covers every book of the Bible and gives the reader a general overview to help familiarize them. Each chapter has selected readings for that book of the Bible, a brief narrative about the author, date of the book, the purpose and summary, and then commentary of the various chapters in that book of the Bible. This has been extremely helpful to me when I am reading and studying the Old Testament. It makes it more interesting. I love it so much I bought it for my daughter and daughter-in-law.

I got this book to use with the teenagers I work with, but have used it for my own Bible reading. Its a nice mix of information and devotional elements. It has brought books like Leviticus alive for me. That is saying something!

This woman continues to disciple people with her understandable explanations about each book of

the Bible. Extremely user friendly and challenges us to live more faithfully.

I am a "new Christian" & sometimes reading the KJV is rather hard for me but should be part of my Bible study--going thru it all until I can "get it." It's not supposed to be easy. Henrietta Mears explains each book so precisely & in such a way that I can fully understand who's who & why they are doing what they are doing. I get the meaning to each person & place of that book. I only wish I had found this books 3 years earlier.

This has to be one of the best books I have ever read to give me a big-picture view of what the Bible is all about. It is easy to read, easy to understand and takes some of the more mundane sections of the Bible (I hate even writing that) and making them more relevant (they were already relevant, I just didn't understand their relevance). This is written with the Christian in mind ... it is not an apologetic. I'm very thankful for Ms. Mears work and its impact on my life.

I am still reading, but absolutely love this book. I have read through the Bible NIV, the Bible in chronological order, and the Bible in novel form. This book really explains everything in great detail and makes some things that I never truly understood, make perfect sense. Love it !!

Really an informative overview of each book of the Bible. I use it before going into a study so I have a better picture of what to look at but even more important it gives the "back story" or history of the time and place as it goes along. It's a very valuable and handy book to have on hand for anyone who wants a bigger picture of the Bibles books. It's easy to read and understand. I would recommend it to anyone who loves Bible study, or just needs more information.

I have learned a lot about the Bible. The books helps me to understand what went on and why. The English edition is super not so the Spanish ones . One was full of pitctures and writen on a format of small letters that is difficult to read. The other was written for children No actual text. . It looks like comis book. the Spanish books I bought them to give them away as gifhts . I did No gave them away.Tjhey are useless.
