# Raulin: Rise Of The Forest King (The Keeper Chronicles)

## Synopsis

Orphaned at just ten years of age, Raulin vows to track down the eleven men who murdered his family and make them pay for what they have taken from him; however, he finds himself thrust into the middle of a conflict that soon proves to be much bigger than his quest for revenge. Can he become the man his father always envisioned or will the hatred in his heart make him into the very man he is hunting? Conscripted into the Keepers at a young age, Bruschanâ "now thirtyâ "is finally about to get his first true tasted of freedom. He must discover who he will become now that he is no longer forced to bear arms in the name of a Church in which he does not believe. After all these years, is he more than just the killer they created? Raulin: Rise of the Forest King, takes place in the years prior to the events of The Keeper of Edelyndia. It is the origin story of a fledgling rebellion and an orphaned king.

## Customer Reviews

Possibly even better than *The Keeper of Edelyndia*, Denen has further proven his writing and character development skills. I never wanted to put this book down. Very much looking forward to what comes next for the people in Edelyndia!

Should I even be surprised anymore? Denen has created a universe that is so easy to lose yourself in. I loved *The Keeper of Edelyndia*, but Raulin has stolen my heart as my new favorite in Denen's collection. I strongly encourage anyone to read Raulin!

I absolutely LOVED *The Keeper of Edelyndia* (*The Keeper Chronicles Book 1*), and I very much enjoyed this one except that it was a bit gory for my taste. The author develops the character of Raulin well, and it's a great supplement to his character in *The Keeper of Edelyndia*. Overall, I recommend the book.

Though this is a prequel, and I did indeed read *The Keeper of Edelyndia* first, I actually preferred it that way. Over the past 15 years I've almost exclusively read Christian Fiction and lately Christian fantasy. For me it is a great escape. I appreciated the author's restraint in not using this genre as a disguise for another romance novel. The books were genuinely interesting, very visual, just the right amount of characters to understand where you are in the story line with good character development. Good vs evil but not too predictable. I thoroughly enjoyed both books in the series. When is the next one coming out? I'm ready!

Raulin's journey transitions him from a confident young boy following his father to a teen fueling his hate for the 12 Keepers. The reader has a view of the inner conflict Raulin is faced with from his family's past, as well as the possibilities that he may find the wisdom to let go of his hate. The character development was an intense ride of many emotions that lead to his Raulin's character in Denen's first novel in the Keepers Series. I highly recommend this book!

Couldn't put it down from the minute I started it. Characters easy to know and identify with, action without gore and tough fighting men without offensive language. I shouldered anything by this author and highly recommend this book. Do yourself a favor and read this truly exciting book. :)**HIGHLY RECOMMEND!!!** :)

Overall, this was a very good read. Definitely a page turner. My only complaint is common with most

books I read electronically. There were a number of glaring editorial mistakes. Wrong words, word processing slip-ups, etc. made for some unpleasant distractions. However, I'm getting used to them.

This is a fantastic book. As a middle school teacher, I often read books in order to make recommendations for independent reading for my students. This book will appeal to young adults as well as adults. The writing captures the mood of the fantasy precisely, and keeps readers on the edges of their seats. I highly recommend this book!
