Jim Butcher's The Dresden Files: Wild Card #1 (of 6): Digital Exclusive Edition

Synopsis

Jim Butcher's worldwide bestselling Dresden Files saga continues in this original limited series! Set in the aftermath of the novel *White Night* and comic series *Down Town*, a bizarre double murder draws the interest of Chicago's only wizard for hire. But as Harry Dresden begins his investigation, the clues lead to troubling conclusions about the possible perpetrator, and set him on a path that will place him in the middle of a conflict between the city's three most powerful factions—a conflict that could engulf all of Chicago!

Customer Reviews

This is too short. They could have easily put all of the books together (in a Graphic Novel format) and it would have been a good read. Maybe they will be doing that in the future. I would wait for that to come out. I like the concept of them doing a comic book with Dresden but this does not work when you have to wait for the next one to come out.

Warning: May have addictive propertiesGreat story and outstanding visuals in this graphic novel. Harry Dresden does what he's best at...getting in trouble, as always. You need at least a 6" screen

to really enjoy it--looks amazing on my iPad Pro 9.7-inch (128GB, Wi-Fi, Space Gray) 2016 Model, not so great on my Apple iPhone 6, Silver, 64 GB (T-Mobile). Highly recommended without reservation for all Dresden and Jim Butcher fans!

As someone who has read all of the novels in the Dresden Files, I was impressed by Butcher's ability to move to the graphic novel format and keep the same tone that the novels have. The storyline is good and the artwork is excellent. The length is about the same as a comic book, but for price that seems about right. Worth the money, and I found that reading it in the Kindle format did not detract from the experience.

Great to see Harry in a graphic novel format. As a late comer to the comics on kindle I am happy to see the characters come to life. I'm a big fan and keep waiting for new stuff from the Dresden Files. As usual Harry is in trouble. Two girls are found dead after their souls are sucked from their bodies. Harry decides it will take a visit to someone who lives off the life force of others. Lara, the queen of the white court. Of course not everything doesn't go Harry's way. I love the story line and can't wait to see what's next!

I didn't know it was a comic book. It seemed like about 5 pages long (guessing) cause it took no time at all to finish. I won't be buying the other books in this series. I've read all the other Dresden files and really enjoyed them. When I saw this book I thought there were more to read, too bad.

I need more dresden in my life, and since peace talks is taking forever, I am thrilled for more dresden.

Ok but not worth the money for the entire series.

This was an absolutely amazing read. The characters are on spot and I couldn't have wished for a better story. I look forward to reading issue 2. If you like Dresden, You will love this. Must read.
