Demon Hit List

Synopsis

Author John Eckhardt has gone yet another step further in equipping the saints to defeat the powers of darkness in his Deliverance Thesaurus: Demon Hit List. Since identifying and uncovering demons by name is so important in deliverance, the idea to write a thesaurus is well overdue. Some argue that we don't need to know the specific names of demons, but names are what we use to identify. There is power in identification. The more believers can identify the enemy by name, the more successful they will be in driving the enemy out. The names found in this thesaurus are all subject to the name of Jesus. Thank God for the name of JESUS, THE NAME ABOVE EVERY NAME!

this book is a list of spirits that come together. in the scriptures it says that if you leave your vessel swept and clean the spirits with come back in groups (paraphrasing) - so this thesaurus is written by a deliverance minister and the spirits that he found group together. those negative spirits whose powers should be bound from having affect on your soul and have strong holds you should call out and you should pray yourself to repentance and speak in the name of jesus them to be loosed. how do i know these things are true? i am working on the same freedom one spirit at a time... my mother suffered from chronic fear and stress fear that the worst would happen she would pray in fear and never believe that it would happen just hope. she got cancer and passed. in this thesaurus one of the spirits listed under fear is cancer. ther are people who choose to only take bits and pieces of the bible but that is a spirit as well. spirits are intruders dwelling and causing situations thoughts feelings

illnessess that can either block you from God or from having a fullfilling life. which is y the word says that he came to set the captives free.but of course pray for guidance. deliverance is painful because it challenges deep ingrangrained parts about of ourselves that fight to remain hidden and fight to stay in your home. but GOd is faithful and will guide you to liberty. this is a list of spirits that join together there still is more information needed.but what ever we loose on earth shall be loosed in heaven for the Lord says these are the keys to the kingdom so I pray for Gods perfect will to be done. In Jesus name(please excuse any typo's i stricly rely on spell check which there is none for this review)

WOW! So I checked out this book, and let me tell you, I've had SEVERE, Agonizing Abdominal pain for 2 days each month Every time I menstruate for the last 15 years! No amount of medicine worked, the doctors couldn't explain it, and it landed me in the hospital twice (Once with Kidney Failure from taking too much medicine)! I casted out the demon for Abdomen (which I never even knew existed), and now the pain is COMPLETELY GONE, and has Not Returned. I've changed Nothing in my diet or routine, it was definitely Supernatural. Glad this book was suggested. Really opens up my perspective because I had No Expectation, and didn't even expect anything to happen!

This is written as a thesaurus with lists of words. There is only a really brief introduction. You cannot read it like a book, but flip to a topic. For example if you believe or discover someone has a spirit of anger, you can flip to that word and discover other demons that may be associated with it. That doesn't guarantee the person has those as well or that those names are really demons. I bought it expecting detailed bible verses and explanations of different demons, but discovered it is just lists of different words. It may be a useful resource to Christians casting out demons (in the deliverance ministry), however the Holy Spirit can reveal to us the names of demons, while this book only suggests possible names or related demons that may be affecting an individual. It is not an all exhaustive or informative book on the subject. Only a useful tool if you're actually involved in casting out demons. It seems anyone could have written this, simply by placing similiar words together. I am not sure it it's worth the money I paid for it (I paid \$10 for it). If it was cheaper it would be better, since it's such a thin manual.

ive had this book for years. in spiritual warfare and in intercession this book has helped me associate and understand different bondages, spirits and attributes of the enemy. this is more of a

guide for a veteran, or at least someone with the understanding of what this actually entails.i suggest derek prince's "They Shall Expel Demons: What You Need to Know About Demons-Your Invisible Enemies"for a more in-dept study of a demonology type hit list.

I enjoyed this book so much, just had to buy anothe copy. Many friends wanted to take mine home, but I opted to just buy one for them for their own personal use. I have found it to be extremeley helpful especially doing deliverance ministry. God Bless those who reasearch these things and makes it easier for us to pick up the mantle and proceed aheade.

This is a good read. I think that people need to know that Satan is alive and horribly well in this world and he uses everything at his disposal to hurt anyone who is not one of his own. This book reveals some of the ways Satan comes into our lives to hurt us and helps us to be aware of what to look for so we can prepare for attacks.

This book is good for the new convert or the novice to spiritual deliverance. Apostle Eckhardt is very gifted in spiritual warfare and deliverance and in my opinion this thesaurus is good reference tool in a very simplistic approach.Simple TruthSimple Truth Too: Understanding the Bible In Everyday LifeCatch A Falling Star

This is a very simplistic book. It lists human vices, such as malice or greed, and then several other words which are the same in meaning. It was more like a vocabulary exercise than anything specifically to do with demons. The author's premise is that you must know a demon in order to get rid of it, so he presents one with lists of attributes. Don't expect any names. The entire book is primarily word lists, along the lines of greed, selfishness, spite, hatred, and so forth. I was disappointed.
