Synopsis

'Kids Book: Flip to the Rescue (Beautifully Illustrated Children's Bedtime Story Book)' is a delightful and truly inspirational story for kids. It is an adorable children's picture book about Flip the baby dolphin embracing the depth and longevity of friendship and learning to fearlessly stand up for what is right; and to speaking out against unfair treatment of the vulnerable. Flip and her best friend Aqua portray the classic grace, playfulness and social nature of dolphins. Not to mention their artistry and athleticism while swimming and playing in the water. Truly beautiful creations of nature physically as well as personality-wise. The book is a treat for the entire family with pictures to stimulate the interest of children and adventures and life lessons for everyone. A great story that can be read to those younger than 5, a read alone or with guidance book for kids age 5-8, or as a read alone tale for kids 9-12 who are looking for a new sort of hero. Who doesn't want to know more about a couple of adorable dolphins? A wonderful addition to any library, especially those collecting Kids Picture Adventure Books for the Kindle or animal picture books. *****

Customer Reviews

This book has really exceeded my husband and I's expectations. It has seriously taught my daughter a life lesson about speaking out when things are not right, and about the importance of friendship. I see her using the lesson and it blows my mind. I would recommend this book because it can truly impact children and teach them a valuable lesson, and with a great story to go with it.

A beautiful story of friendship. I told this story to my kid last night and he was asking me if sharks do have friends too... funny! Wonderful illustration that could be presented to your kid when it's story time. Indeed story time is a funny time. I love to have more of books of Flip.

This book is a great story with a moral values that your child/children learn from it and also how to value the friendship as well.. Your kids could learn a lot of life lesson of it.Highly recommended this book..

I enjoyed the whole story about Flip and Aqua! I thought it was a very sweet and well done making these two the best of friends and how the other dolphins became very jealous about their close bond with each other and how Flip finally found Aqua and was able to find and rescue her, etc. The author has used some very well illustrated pictures to help tell this story too and this is why I am giving this ebook five stars for such an interesting and compelling story! I not only recommend this ebook only for children's bedtime story but also for the entire family, too! I liked the whole scenario about Aqua and Flip! I think it is an extremely wonderful and effectively accomplished creating these two the very best of buddies and how the other dolphins grew to be extremely envious about their close up connection collectively and just how Change lastly located Aqua and managed to locate and rescue her, etc. This writer provides some perfectly explained images to help you explain to this scenario also and that is why I am just offering this e-book several stars for this type of interesting and compelling story! I not only recommend this ebook exclusively for children's bedtime scenario but in addition for the complete loved ones, too! In order to read it for

Superb work of genius! Very exciting book series of adventures. The author has extraordinary writing style for the readers to pursue reading from beginning to end. Wonderful illustrations and fully enjoyable book. This book is highly imaginative and commendable!

This book really wasn't as entertaining as I expected to be. I was downright boring. My son did not like it at all. So won't be reading it again.

More information than I cared to have in a child's book on a couple of pages.
