The Dart Murders: Mystery And Suspense

Synopsis

Close to London, the tiny and fanciful town of Amersham is shaken by a sudden spate of homicides, starting with the murder of Jane Ferrier as she's walking home from work. Each month that comes along leads to the death of another young woman: Sarah Parker is killed while on holiday with her boyfriend, whereas young lawyer Michelle Pearson meets her grisly end in a crowded public park. With each murder taking place exactly one month apart on the 15th day, it's a race against time to find the killer before the next woman is taken. Add in the fact that each death has involved a poisonous dart and a green-eyed, blonde-haired victim, and the mystery deepens. Why were these women targeted? Does it have anything to do with their history of turbulent love affairs? And who could possibly have the knowledge and means to kill with poison-tipped darts? With Chief Inspector Patrick Campbell in charge of the cryptic case, he must get to the bottom of the Amersham murders before anyone else gets hurt, and with the help of his trusty colleagues, Inspector Geoffrey and Constable Tim, they create a list of possible suspects. The admirable Eric, suave Neil, apprehensive Jeremy, modest Wilbur, calm Philip, passionate Victor and vibrant Toby all have something they're hiding – but is it what Patrick Campbell thinks? Or could there be more to these men than meets the eye? As the murderous riddle unfolds, we meet a whole host of intriguing characters who could help the Chief Inspector hunt down the murderer, but with his leads running out fast, will he finally end the trail of blood – or add to it with his own? The Dart Murders invites you to take a front-row seat at this British murder mystery, giving you the chance to whittle down the suspects alongside the Chief Inspector and his team. With all the clues and evidence provided for you, will you guess who was behind the Dart Murders?*****A summary of reader reviews of "Mystery: The Dart Murders" "Suspense Thriller Mystery (Mystery, Suspense, Thriller, Suspense Crime Thriller)": "great romantic thriller with mystery and financial crimes with suspense, fraud and women sleuths..." Customer Reviews

Being a fan of Sherlock, Luther, and many other British Murder Mysteries, I instantly fell in love with this book. This is easily one of the best psychological thrillers I read on Kindle in a very long time.5/5, instant favorite.

The premise of the poison dart and the many murder victims, is intriguing. The Dart Murders will keep you wondering what will happen next. I always enjoy psychological serial killers, but this one has got to be one of the best I have read as of late. The characters are well developed and dialog is well written. I feel that the story flows well and kept me on the edge of my seat until the end... which has an ironic twist as well. If you are into serial killer fiction books, then this is one you need to read! Thumbs up!!

The story itself is a good one although it needs thorough editing. Many words run together so you aren't sure what the meaning of a word such as :llaskif actually 3 words together. The style is stilted and dialogue awkward.

I like murder mysteries, particularly British murder mysteries, but this one kind of threw me for a loop. The story was pretty good and kept me interested, but the dialogue was a little awkward at times. I think with better editing, this could have been a far better book because the plot line itself is a good one. If you're not overly picky on grammatical issues, then I'd suggest checking it out.

With all the bodies piling up from the serial dart killer, Chief Inspector Patrick Campbell is on a timetable. The Dart Murders will keep you on edge from start to finish. This psychological thriller is both intriguing and exciting, with the victims of the poisonous darts being blond, green-eyed women. You'll enjoy the twists and turns, but what's more enjoyable is finding out who the actual murderer is---you're left guessing until the very end.I haven't read a good suspense thriller in awhile so I was pleasantly surprised by Kipling's book. This book comes highly recommended.

Wow! I just finished ``The Dart Murders,`` and I have to say, what a wild ride! In this novel, the reader follows England`s Chief Inspector Patrick Campbell trails a killer who, as the title suggests, has been murdering people with poisonous darts. But he is not just killing anyone! All of his victims are blonde, have green eyes, women...and all have interesting love lives. We see that his co-workers are not all that they appear to be and as time begins to run out, the Chief Inspector may have bit off more than he could chew.As usualy, Kipling does not disappoint with this thrilling murder mystery that has riveting elements of a dark fantasy. This was one of the more suspenseful thrillers that I have read in awhile and I quite enjoyed it. The detective was an enjoyable and likeable character and Kipling kept me guessing until the end.

This book was a pretty good read in addition to being a quick read. Although I truly enjoyed the story, I was pleasantly surprised by the lack of foul language. My praise to the author as well as my thanks.

There was nothing interesting in this story. The adjectives were repeated over and over such as, "she wore a simple tweed skirt", "it was a simple sofa" or "Her purse, a simple...". The dialogue assigned to a person was unnatural such as a male detective, in describing a dead female's body, "... revealing her ample breasts ..." or a female in describing another female, "...her shorts revealed her long legs. ". The story was lame as well as the dialogue. In addition, there were many spelling errors. Don't waste your time on this one.
