Absolutely, Positively Alexander

Synopsis

First published in 1972, *Alexander and the Terrible, Horrible, No Good, Very Bad Day* introduced to the world a feisty young hero who soon captured the hearts of a generation. Since then Alexander has returned in *Alexander, Who Used to Be Rich Last Sunday* and *Alexander, Who's Not (Do you hear me? I mean it!) Going to Move*, and his position as a classic character in children's literature is assured. Alexander is everyone's favorite boy, struggling against those obstacles that seem to get in the way of growing up, with the most formidable ones being his siblings. Here, all three Alexander stories are combined in one book -- a perfect way for Alexander to be introduced to a whole new generation of certain fans.

Book Information

Lexile Measure: 580L (What's this?)

Series: Alexander

Hardcover: 96 pages

Publisher: Atheneum Books for Young Readers; 1st edition (October 1, 1997)

Language: English

ISBN-10: 0689817738

ISBN-13: 978-0689817731

Product Dimensions: 10 x 0.6 x 7.5 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (36 customer reviews)

Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

Judith Viorst, well known adult author and the mother of sons, uses real life frustrations for this humorous (because its so true) story line, featuring Alexander, the youngest brother in a family with three boys. The first book is the best - Alexander has the worst days ever in "Alexander and the Horrible No Good Very Bad Day" (the best of the stories). In "Alexander Who Used to Be Rich," he fantasizes about all you do with a dollar, while in the third book, he resists (as most kids do) the

family's need to move far away. My own sons have enjoyed these books - starting in 1972 and into the present. The stories are not dated, as any parent of a child like Alexander can tell you - every untied shoelace is a major tragedy, a move around the corner can be traumatic and 'unfair,' and a dollar can buy you just about anything when you're in that wonderful 4 to 8 year old time of life. Parents reading the book will see the humor. Children hearing the words will feel as though they are being understood. As kids grow up (8 to 9 is about the end of the line for this series) they'll begin to see the humor in Alexander's thoughts. Well written, with illustrations that are well above average, these books are a wonderful addition to any family library. And as long as you are going to get one, you may as well get all three and save yourself time and money!

My wife and I secured "Alexander and the Terrible, Horrible, No Good, Very Bad Day" at a book fair at school. Our two boys loved listening to it. We read it often enough that we only had to pause for a moment to have the boys (in unison) insert the title phrase. We then obtained the other two titles contained in this book. We read them so much, we wore out the paperback bindings, so I bought the hard cover collection. The narratives, written in first person tense, would also make excellent speaking parts for those school talent shows. The stories are simple, yet entertaining. Having two boys, I see a little of Alexander in each of them.

Though I'm twenty now, I still appreciated Viorst's view of the world through Alexander. When I was younger, I wanted to be him. But now, with a few years, I see that Alexander is more a lesson than a model. These stories are great for kids under age five, and I promise they'll remember them for a great while...even to the point where they walk into the young readers section at age eighteen looking for a copy.

When I discovered Judith Viorst's Alexander books I thought she must have been peeking into our home! How comforting to know that other families had Alexanders (my son, Alex is now 15)! And, I must confess, there's a bit of Alexander in me, too! It's great to be able to laugh at ourselves. Thanks, Judith Viorst and your terrific illustrators.

I grew up just loving Alexander in Alexander and the Terrible Horrible No Good Very Bad Day. My mother read it to us as children (ok, so now you know I'm not too old!) and I was just thrilled to see such a good copy of not only it but the other Alexander stories as well. The library binding is very nice and this book will definitely be a keepsake for my children someday. If you like to have books to

pass on, this one's for you!

I grew up with the Alexander books by Judith Voist and now plan to read them to my newborn son, Alexander :-), as he grows up. The stories are so meaningful to children that age, and having been a child that moved many times myself, I know that he is a boy that many kids can relate to. The use of language is so colorful and playful that it makes you want to read it again and again.

My son's name is Alexander (goes by Alex). I gave this to him as a birthday gift and we have read it over and over many times. The three short stories are just the right length for a bedtime story. This book has humor and the boy, Alexander, is one boy that all children can relate to. The illustrations are great too! I highly recommend this for any child.

What can I say? It's Alexander! Every time I open this book, I can practically smell the chalk and pencil erasers, and hear my Kindergarten teacher reading it aloud to my class just after lunch. So many childhood memories are wrapped up in the Alexander books, and I am thrilled to now be sharing them with the next generation...even if it makes them want to move to Australia!
