French Milk

Synopsis

Through delightful drawings, photographs, and musings, twenty-three-year-old Lucy Knisley documents a six-week trip she and her mother took to Paris when each was facing a milestone birthday. With a quirky flat in the fifth arrondissement as their home base, they set out to explore all the city has to offer, watching fireworks over the Eiffel Tower on New Year's Eve, visiting Oscar Wilde's grave, loafing at caf s, and, of course, drinking delicious French milk. What results is not only a sweet and savory journey through the City of Light but a moving, personal look at a mother-daughter relationship.

Book Information

Paperback: 208 pages

Publisher: Touchstone; Revised edition (October 14, 2008)

Language: English

ISBN-10: 1416575340

Customer Reviews

The Glass Castle author Jeannette Walls once told me that memoir should be universal, and I've kept that in mind ever since when I read them. What I think she meant is that while a memoir is specific to the storyteller in the details, anyone should be able to relate to it, somehow. As I read Lucy Knisley's French Milk, I was struck by her storytelling, but also her age, use of photography, and that I could never write such a book, though I too have traveled to Paris with my mother. The fact that her divorced parents are on good terms, a fact she casually drops in, resonated with me, especially when her father comes to join them for a brief visit during their six-week trip. This would never happen in my divorced family, and it made me, briefly, jealous--again, this goes back to Walls's maxim; my life circumstances may not be the same as Knisley's, but hers caused me to reflect on my own. She also exhibits a particular pride and faith in her work (with the occasional

doubts), one that I still struggle with in my early thirties. Her dedication to her art and the creation of this book are apparent. Other moments are brief but powerful, such as going up the Eiffel Tower on a particularly windy day, where Knisley writes, "You could feel the tower move in the wind and see the birds blown off course." I was torn as to the value of the photographs she included; at first, I thought there was something unfair about it, but then I came upon one of her kissing a wall and realized there was no other way to capture that moment, at least, not so thoroughly. The photos are used sparingly, without comment, filling in gaps in her story, fleshing them out and creating what feels more like an intimate scrapbook than a memoir, albeit an accessible one.
