This is a good thing to get if you like Arina Tanemura's work. It's 12 by 9 inches, so you get a good view of the images. There's even a ROUTE:L poster! Some of the descriptions are close to the fold, though, so you may have to open your book pretty wide to read them. There is a nice set of Time Stranger Kyoko images, as well as some I.O.N and Short Tempered Melancholic ones. But, even though the sticker on the outside (I bought mine at a store, and it has a sticker) says "From the author of The Gentlemen's Alliance +", this was made before that series debuted, so there are no images of Haine and co.

I just received my copy of this artbook and its absolutely gorgeous. I really ejoy Arina Tanemura's artwork and this book did not dissapoint me. It is light but filled with colorful drawing of several of her series: Time Stranger Kyoko, I.O.N, Full Moon etc. It is also a reasonable price.

Tanemura's art is extremely detailed shojo style artwork. I have always been a fan of her art style

since I laid eyes on it when I was a teenager. I really wish I could paint and draw like she does. The book is really nice and is fun to look at and cover and paper is really nice as well.

Her colored artworks are so amazing! So detailed, so neat! I think her colored work is the best compared to all shoujo mangaka colored artworks. Since this book is A4 size, you can really satisfied enjoying her detailed amazing works, you can even see the original illustration's paper texture and her pen stroke. And as the another plus for this amazing art book, she gives comments for every single illustration in this book, the comments are about her technique, the paper and the materials she used for the artwork, the purpose, the mistake part, the hard part while she made the illustration, etc, A MUST HAVE if you're into/ learning / making colored manga illustration like me. You can find the comments at the bottom or beside of each illustration (of course already English translated). You won't regret buying this, especially if you're Arina's or shoujo manga art fans!

This art book includes full size art works as well as smaller sized ones; the mix of full size and smaller size works is pretty equal. I really like Arina Tanemura's art as well as manga series'. I love reading the comments Arina Tanemura has on every art work. I totally recommend this art book to anyone who likes Full Moon Wo Sagashite and/or Arina Tanemura's art! It's also a bonus that it comes with a poster

I bought it from the company, and it came in on time! But why were there text on the picture? And one of the pages came torn off.. Its good as long as u have super glue! The art is just as expected from Arina Tanemura-San! Other than that, it's worth the money! :)

This book has the best of Tanemura's work, the pictures are beautiful and theres one from each series she's worked on, a lot are Full Moon, but there are some from other series such as Time Stranger Kyoko!
