Customer Reviews

I kept looking for books that were "girly" enough for my daughter without being about a Princess who does everything to get the Prince! While I do like a good fairytale I was looking for something more for my daughter and this is it! She loves it and it shows "Princesses" doing things besides trying to get the guy! She is almost 7 and I would say this book is perfect for 7-10 year olds!

This book was enjoyable and exciting. I liked how the maid was teaching the princesses how to be ninjas. I also liked the magic bracelets. I recommend it to girls (and some boys too!) who like mysteries, princesses and animals. (review by a 9 year old girl reader)

Princess Emily travels to the castle of Mistberg with her parents. She has finally reached the age of nine years old and is now allowed to attend the Mistberg Grand Ball. She is excited to meet the other princesses. The four princesses are soon good friends and work together as a team to rescue a little fawn. But someone evil is planting traps in the forest and none of the adults will believe the girls. The princesses must work together to solve the mystery and save the deer of Mistberg Forest. As the first book in the series, the plot sets the tone and introduces all of the princesses. It ends with the girls planning to keep in touch, which provides a sufficient opening for the next book in the series. The story flows well and showcases compassion for animals, team work, and trusting friends. The illustrations were lively and entertaining. Girls will be able to relate to the princesses and the story of helping others. I received this book free of charge from Children's Lit in exchange for my honest review.

Our granddaughters love books about princesses, horses, pets, Frozen, Brave, Tree House Mysteries, and etc. I thought she'd enjoy this series--and she does! They are inexpensive and enjoyable and great for a stocking stuffer or Easter basket or a little surprise in the mail from Nana or Auntie or Grampa.

I've only gotten a few chapters through with my girls ages 7 and 6, but they love it. They ask me to read it every night and we read a few pages. It's not too long and it's not too short. And it's very entertaining. My girls love that it's about princesses that rescue animals, we're about to learn who the first animal is, and they can't wait.

Do you like books with strong female characters that are both fancy, friends, and want to help? Then this book is for you. It is better written than many other princess/fairy easy readers. It is great for a beginning reader. My daughter (age 5-6) was captivated by the stories and the strong female characters. There is suspense in the books without being too scary for her. The princesses are characters of strength and conviction who work to actively help protect animals from harm. I'd encourage you to try this series.

It could have used a little more adventure if you ask me but it's still a great series. I recommend this for girls ages 6-9.

Very interesting book. I love princesses and adventure and this is both. The Rescue Princesses is a

series and I love series.
