Spectrum Sight Words, Grade K

Synopsis

Reading can be overwhelming for young learners; ease into the process by introducing common words first. The standards-based Spectrum Sight Words for kindergarten helps children recognize and write 300 high-frequency words through sentence strips, activities, and flash cards. Spectrum Sight Words provides the practice your child needs to meet and exceed early reading expectations. This best-selling series is a favorite of parents and teachers because it is carefully designed to be both effective and engaging; the perfect building blocks for a lifetime of learning.

Customer Reviews

I think this book is a great way to encourage learning sight words. I did feel like it moves kind of fast, so it is probably best for kids to whom sight words have already been introduced and need more review than kids who are being introduced to them for the first time (the Star Wars kindergarten workbook with sight words would be a great one to do before this book, then move to this one!). My son likes the variety of activities and the practice writing is great for him too!! got this workbook and several other spectrum workbooks to review on my blog and you can read my full review here if interested:

html was not required or even asked to review them on as part of that agreement and just chose to do so anyway!

There are about 100 sight words with given sentences exercises. Very good for beginners to take their first challenge. You can also make your own flash cards at the end for quick reference. shipping and packing is great too!

This book is wonderful!!! If you are trying to teach your child sight words, this is it!

I am using this book for my 1st grade son that I homeschool - I really like this - I like the vocabulary and the different exercises.

Love the variety of tasks to do with each new sight word!

Will continue to purchase Spectrum books.

This book is great for building in early reading skills. My 3 year old daughter enjoys working on them and completing them for stickers.

This is a good , fun way to practice sight words, and my 5 yr old granddaughter agrees.
