The Cowboy's Christmas Plan (Grass Valley Cowboys Book 1)

Synopsis

Sometimes the most unexpected circumstances lead to the best adventures...Cadence Greerâ€™s plans for a happy-ever-after are quickly derailed when her fiancé runs off with his secretary a week before their wedding. Homeless, jobless, and jilted, she escapes to Grass Valley, Oregon, where she takes a job as a housekeeper and cook to seven cowboys on a sprawling ranch. Trey Thompson is a well-respected pillar of the community, running a successful ranch with his brother. All he wanted was someone to cook meals and keep the house clean. When he hires Cadence Greer for the job, he gets more than he ever planned on, including a sassy little redheaded orphan. Spend Christmas in Grass Valley at the Triple T Ranch, where mistletoe hangs in abundance and holiday magic floats in the air.

Customer Reviews

I enjoyed reading this book. It was NICE! I say this in a good way. So many books now are full of betrayal, hate, way too much sex and cliffhanger endings. This book was none of these. If you are looking for a easy detailed read with nice characters and a flowing story this is the book for you. If you want fast paced with twists and turns with lots of sex scenes this is NOT the book for you. Will be reading this author in future. Happy reading!

Sweet and romantic without being trashy. I really enjoyed reading this book! Thank you for the great read. Merry Christmas!

This book has the characters, with morals, faith in God, and the ability to put others first. It was good to read a story where all the characters had these qualities. Can't wait to read the other books in this series.

Fun and clean Christmas story! I loved it so much that i have almost finished the whole series! All fun books!

This is a wonderful modern day western full of well developed characters, including a strong, loving family and interesting, loyal friends, and the occasional no-account cad. Unlike typical westerns, there are no rustlers or robbers. The adventures revolve around family, friends and neighbors. The story is lively and the characters are compelling. It was hard to put down so I just read it from start to finish! Oh yes: there is quite the budding romance threaded through the story too!

Even though Candence Gree respects her boss in the law firm, she knows she can't continue to work there after her fiancé, one of the lawyers there, broke up by sending all the law partners an email saying he was taking two weeks off to marry his secretary. And this was a week before their wedding date! Candence had already let her apartment go and sold all her furniture, so she goes to Grass Valley, Oregon, to stay with her aunt until she decides what to do. Romance is far from Trey Thompson's mind. He's been too busy running the ranch since his dad died. He, his brother, and the ranch hands decided they desperately needed a cook and housekeeper after the woman who had filled that position retired. On the spur-of-the-moment, they decided to hire Candence. What if her meals tended toward the fancy side? Her desserts and special treats were to die for. Trey just didn't realize how much the pretty woman would stir up his feelings, mix up his life, and cook up love, even enough love to include a little orphan. This book turned out to be much better than I expected. There's not much tension, but the story still held my interest. Shanna Hatfield is a talented storyteller. There were some mistakes, however. Trey and Candence seemed to be the same age part of time, and Trey was 3 years older part of the time. Sometimes they were 27 and sometimes 30. "Trusting" was used where "trust" was needed and "glanced" for "glances." There were some awkward sentences, quite a bit of head hopping, and incorrect grammar, like "with Trey and I."

Although I liked some of it, the passionate kissing came too often. Yet, the book was clean with no sex scenes, no pre-marital sex, and no profanity. There is a lot of passion, but nothing that goes too far. Only the last part of it takes place at Christmas, so the book could be enjoyed any time of the year.

A very enjoyable read. Many stories have a lot of bad things occur during the telling of the tale that leave the reader angered or stressed. The unfortunate incidences in this story lend to good things occurring from the main characters. Shanna Hatfield has become one my favorite authors.

I honestly liked this story, but think it was too poorly written which ended up making it boring. I finished the book because I wanted to give it a chance. There were spelling mistakes and that was a major disappointment. I really hated how the author just out of the blue some things that supposedly happened or people Cady supposedly met which turned out to pretty important. Why not describe those encounters to give some life to the book. It felt like the same thing was happening over and over again and the story got to where, right until the end.
