I consider myself very fortunate when it comes to this wonderful ongoing saga. At the time it originally aired on Nickelodeon my kids were all grown, I was extremely busy, and unfortunately unaware of its existence. Now that I'm retired with too much time to occupy fate apparently decided to intervene. Stumbling upon the four nations at this point in my life has been perfect as I've been able to steadily & gradually explore the two TV series and then the

continuing trade paperbacks. This new one has beautiful artwork and the narrative continues forward from Promise/Search/Rift very nicely. It would have been fun to watch this TV series as each new season released, but as they say, better late than never! From the back cover;-----â œReturning with his family after the events of â œThe Searchâ •, Zuko discovers that not everyone in the Fire Nation celebrates their homecoming. Believing that the young Fire Lord is not fit to succeed his father â “ and spurred on by the Kemurikage, menacing spirits long thought to be only mouths â “ an underground organization called the New Ozai Society plots to assassinate Zuko and restore Ozai to power!â •

Came to me in perfectly new condition!! I suggest reading the Promise, Search, and Rift trilogies prior to this one, considering they all continue linearly. Very good, I always love these and I can't wait for the rest of these!

The story is interesting, I can't wait to see what happens next! Everyone felt in character. Mai and Ty Lee's relationship is great, becoming Fire Lord really hasn't changed Zuko one bit (he's still as earnest and unsubtle as ever, poor kid), Suki was her usual awesome self, and we're learning more about the culture and history of the Fire Nation. The art is great - emotions are visible but not over the top, the fights are beautiful.

You guys really ran out of time, didn't you? Don't get me wrong, I truly loved the set up, interesting storyline, and great characterization... It's just that "One month later" really came out of nowhere. The story starts with so much, it felt weird that nothing mentionable would happen for that long. But aside of that it looks like a promising start!

one of the better stories. I like to see the character development, along with the development of the various nations. Peacetime is hard and the power vacuum inevitably causes problems. I like that they address it. As ever, they need to create and release these sooner 'cause we're DYING!!

the overall concept of this is great. but it is such a tease, the story line is way to fast paced. and i finished reading it (including staring at the pictures) in about 1 hour. the tv series just sets a high bar for it, and i think the comic books have done the best they could. and it turns out great, so it is for sure worth reading. i just feel like they are kind of dragging it out a little bit. i mean they will stop producing the comic books when it stops making money, rather than trying to make it worth while to

read.but over all its just to short, it leaves me wanting more than the 76 pages of the material. and that is the creators plan so the reader has to wait and buy the next book. and it worked on me.

I have kept up with the Avatar series since the very beginning and I have watched/read everything they have produced. I love the continuation of the series and I'm only giving it four stars because it's very difficult to compete with everything else in the series.

Great comic book for Avatar fans! I am a total ATLAB fan and have read all the comic books two times. So when I saw that this is coming out I was soooo excited. So I bought it the day it came out. It took about a week to get to Me, but I read it the second it got to Me. It was AMAZING!! It was a lot of fighting though, and I felt that the whole book was the battle between Mai's Dad and Zuko. Since the previous comic book's have left the fans on edge about Mai and Zuko, I am so eager to see what will happen in their relationship to come. I thought the ending of the the first part was GREAT! Totally left Me on the edge of My seat! I would definitely recommend this for anyone that wants good quality in art too. The art is always amazing in the Avatar comic books. This is probably one of my favorite Avatar comic books so far, because in Avatar my favorite character is Zuko. And it was awesome to see him with his Family together. And I loved how Zuko's little sister called Zuko "Zuzu." So I am totally eager to see if Zuko's little Sister has met Azula. Well there's more story to come. =^_^=Thanks for reading!~CM
