Batman: Under The Red Hood

Synopsis

Batman is confronted with a hidden face from the past — it's the return of the vigilante Red Hood who appears to be Batman's one-time partner Jason Todd, the same Jason Todd that died many years ago. But the Red Hood's violent ways pit him against the Dark Knight in his hunt for the very person responsible for his death: The Joker. This volume collects Batman #635-641, #645-50 and Batman Annual #25.

Book Information

Series: Batman

Paperback: 384 pages

Publisher: DC Comics (August 30, 2011)

Collects: Batman #617-618, 635-641, 645-650, Batman Annual #25
Price: \$29.99
My first experience with the character Red Hood actually came from watching the movie Batman: Under the Red Hood (Single-Disc Edition). The movie was quite good. It was definitely one of the better animated movies I have ever seen. After seeing the movie, I wanted to read the source material, so I picked up this book at the library. Very glad I did! Though most of my favorite Batman tales are ones that take place out of regular continuity, this book is an exception. Fortunately, Judd Winick's writing is also an exception, when it comes to this book. I'd found most of his writing to be extremely average. In the case of this book, however, Winick's writing is nothing short of exceptional. Given the circumstances of the set-up behind this story and the weird explanations behind the changes in

the DC universe that were taking place at the time, it's pretty significant that Winick was able to craft such a great story. This story took place shortly after the DC event Infinite Crisis - a mess of an event if there ever was one. For anyone who missed that, you really didn't miss much!
