This book was so beautiful and perfect in every way!!! I laughed, I cried, and I screamed in frustration. I just finished this book (12:17am) and just had to write a review on how special this books was! Finally a long awaited happy ending for Jade and her new family. I'm so excited to have finally found an author that writes books where the hero is a MAN! I love how Cal is so protective and manly over Jade. Totally not a whimp to stand up for her and fight for her. Also love how the author kept things clean but still got the point across. So can't wait for the next book!!!!!!!!!

The next in The Pieces series! What a perfect name considering that is where my emotions are in pieces. I gave this book series 5 stars because you always think you get the mending beautiful ending but no, not this book you stay broken and wondering until the very end! I have a book hangover and read puffy eyes and no matter what a broken heart even after I finish. Please read this amazing series!

This series has been one of the most emotional series that I have ever read. It has made me ugly cry more than once, but I can't get enough of it. I love nothing more than to be emotionally destroyed by a good book, but Jamie takes it to a whole new level with this one. I love Cal and Jade as characters, and I loved watching them help each other heal and move forward into the future. I have been emotionally invested in these characters from the beginning, so I had high expectations going into this one, and Jamie didn't disappoint. It has everything you need in a good story - engaging characters, drama, angst, romance, a little laughter, and plenty of heart. There isn't anything that I would have changed. I would have liked to maybe see a little further into the Cal and Jade's future at the end, but overall I'm very satisfied with this final installment. You definitely need to read the first novel, and I would also recommend reading Cal's novella, before picking this one up. I also recommend that you don't read it in public (unless you are cool with public displays of emotion) and that you keep tissues handy, because there is no way you are making it through this one without tears. This is a beautifully written series.

I have never had a book make want to cry thru the whole book. Wish ending was a bit better but this has been best series!!!! Must read!! This series is cross between Breathing series and Edge of Never my favorite 2 series!! This is now #3 on my list!!!

Pieces of my Heart by Jamie Canosa is the second book in her Pieces series.Did you just finish Book 1 (Falling to Pieces)? Have you recovered yet? It has been months for me but as soon as I began this book the wounds were opened up fresh and the tears began to fall.I'm not even sure I wanted to know where the story went from it's ending in book 1. Jamie Canosa pulls no punches and if she has a powerful, heart-breaking story ready to tell, apparently she does it. Ah-Maze-Ing!So Jade is starting to doubt herself now that Kiernan is no longer in the picture. She had come so far, but loss and sadness take over and old habits die hard. Kiernan's absence however paves the way for Caulder to become a crutch for her to get back on her feet and on the way to becoming confident in herself.Please be ready with tissues and comfort food because you will need it.

Honestly, when I heard that there will be a second book in the Pieces series I was a little skeptical. I was afraid that Jadeâ <sup>™</sup>s life will become more complicated and way to unbearable.NOTE: If you havenâ <sup>™</sup>t read Falling to Pieces, you should be warned that I will inevitable have a few spoilers from the book.In Falling to Pieces, Jadeâ <sup>™</sup>s life is turned upside down, she is broken and alone. Kiernan is the only one who tries to fix her and he succeeds. However, after all the struggles and after she falls in love with him, Kiernan dies. That book did not have a 100% happy ending, not in the traditional way. She lost the love of her life, yes, but she got back her mother, she was more confident and things were looking good to her. Nine months later and Jade still misses Kiernan, but at least her mother is better, she has a part-time job and things seem to move towards better, right? Wrong. Jadeâ <sup>™</sup>s life dives deeper into darkness and things start to go south the moment her father returns. Pieces Of My Heart was frustrating, heart-breaking and beautiful at the same time. Why was it frustrating? Because of Jade, because after all that time in which Kiernan tried to make her whole, after she started to visibly be confident people around her broke her again. Every single person around her made her feel like nothing and if it werenâ <sup>™</sup>t for Caulder maybe she would have gave up.But most of all I enjoyed the dynamic between the two characters, how they lowered their walls in front of the other and how they trusted each other until the point they accepted help. Pieces Of My Heart was a beautiful story about two people in pain, who found comfort in the other, a tragic tale that slowly turned into a love story.
