# ABC Of Canada

## Synopsis

From Arctic to Zamboni, kids can follow the alphabet on a colorful tour across Canada. On their journey, they'll visit Canadian landmarks, including Jasper National Park and Peggy's Cove. They'll also meet friendly characters enjoying Canadian pastimes, such as riding in the Calgary Stampede, playing hockey and watching the Northern Lights. Vivid illustrations and simple language guarantee that even the youngest traveler will enjoy this trip!

ISBN-13: 978-1553379799

Product Dimensions: 6.1 x 0.8 x 6.1 inches

Shipping Weight: 10.4 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (19 customer reviews)

Best Sellers Rank: #47,109 in Books (See Top 100 in Books) #4 in [Books > Children's Books > Geography & Cultures > Explore the World > Canada](#) #86 in [Books > Children's Books > Early Learning > Basic Concepts > Alphabet](#)

Age Range: 1 - 4 years

Grade Level: Preschool and up

## Customer Reviews

We love this book! I am Canadian and my husband is American. We currently live in Canada, but have also lived in the USA. This is a cute little book to teach my son about Canada. I've also given this to many people who have ties to Canada and are living abroad. It makes a wonderful shower gift. It's a board book and the pictures are lovely. Super cute.

Great ABC book for 4 yr. old grandson whose family recently relocated to Canada. I enjoy reading thru it with him during visits. The colors are bright, illustrations are child-appropriate and there are some interesting twists on what the letter is portraying.

I am a Canadian living in the USA. I got this book to introduce my daughter to her ABC's while also showing off a bit of Canadian pride eh!

My husband and I recently visited western Canada and brought this book home to expose the grandchildren to something new. Though we expected to read about water, trees, and rocks, it is filled with childlike colorful drawings and limited text so the kids stay interested through it all. I realize there are lots of options for many of the letters, but was disappointed Bear and Moose and not included. We do enjoy it very much though and most visits to Grandma's include at least one reading of it.

I bought this book for my two year old daughter. We have other ones in this series. I really like this one..... and I think she does too. Ha ha!It's got great big color illustrations and goes through the whole alphabet with Canadian stuff. We live in the U.S., so whenever I can teach my daughter a bit about my home and half of her citizenship country, I will do it!Loved it!

This book is a great book for youngsters. While its immediate impact would be on early readers due to its effectiveness in reinforcing the alphabet and helping them learn about Canada in a simplistic format, I think upper elementary and even some lower junior high readers can appreciate its sentiments. Even adults who enjoy a good picture book can enjoy this read. A great gift for up and coming readers! Looking for something similar with a little more depth and a higher reading level for older readers- try M is for Maple by Mike Ulmer.

I recently gave this book to my American friend at her baby shower.. Everyone loved it and wondered where they could buy one.. This book outlines all the great things about Canada (ie: H for Hockey)... Too funny! A simple book with beautiful bright colors and pictures...

I found this book to teach my boys (ages 3 and almost 5) about their parents' home country - Canada. It is great on so many levels. It teaches geography, symbols, animals and so many other aspects of Canada. It even mentions the Calgary Stampede which is in my hometown.
