Anyone who's read "Bleach" knows that Tite Kubo has a pretty distinct art style, and that he's as likely to have fun with it as to strike a pose. Turns out it's even more amazing in brilliant, vibrant colours than in the usual black-and-white of a manga. "The Art of Bleach" showcases a number of Kubo's artwork, ranging from dramatic promotional work to fun little doodles of female characters with little wings, along with plenty of pictures of protagonist Ichigo in a variety of poses. In fact, most of the pictures here center on/feature Ichigo -- our hero even gets a two-page spread of him slashing with his sword, smiling cheerfully, looking grumpy, making faces, and so on. And there are plenty of vibrantly coloured pictures with him posing with a sword -- as well as with Rukia, his little sister, and even a posteresque picture of him and Renji attacking one another (with close-ups of their faces). But though most of the pictures are about Ichigo (unsurprising, since he is the hero), Kubo doesn't neglect the rest of the cast. The captains are all given individual illustrations, and some of them such as Byakuya (seen looking sadly at Rukia) and Zarakia (seen in mad-grin mode, both with and without blood spatters) get extra illustrations. And though the lieutenants and villains tend to get less focus, we get to see Renji, Kira and Momo as students. There's also a lot of main cast pictures -- usually slumping around in urban punkywear and tracksuits (including a bandana

that completely covers Renji's face). Kubo does manage to soup it up with some funny twists, such as showing Ichigo, Kon, Renji and Rukia on the tops of three CDs.
