Not much I can say without spoiling anything for people. I can say this. IF you enjoyed watching the animated series and were upset at it ending in any capacity (how it ended, unanswered questions, etc) read these. Don't ask questions just read :D

I love love Bleach! This manga is amazing and will thought out. Tite Kubo dose a great job telling the story and the illustration is out of this world! If you are all about the supper natural or even if you just like sword fights, then check this manga out!

His drawing style is amazing and while, Ichigo is now part martian, Eskimo, super sayian and pirate,

I still want to continue reading it to see what happens to him when he faces the Quincy King....it is getting juicy!

im a big bleach fan to be honest bleach is my favorite anime now i know there not a lot of us that like bleach and its gets its rap like other anime out there but its bleach tite kubo put in work people 490-499 this THOUSAND YEAR BLOOD WAR ARC is crazy good people trust me when i say crazy good its just that check it out bleach vol. 56 rocks

The war has started and soul reapers are dying. The captain's are in danger and face their Bankai's being stolen, Ichigo maybe the only hope and he's stuck fighting an enemy in heco mundo. This arc has hit the ground running and I'm still out of breathe from reading this one. I can't wait to dive into the next one and see what happens.

As in previous Bleach volumes, this story follows main character and substitute soul reaper Ichigo Kurosaki. This new story arc follows a burst of activity from a new enemy. Without giving anything away there is a new army neither Soul Reaper or Arrancar that is out to take over the world.

This is part of the last story arc in the series. It can definitely be said that this is going to be a very hard fought battle

Awesome book! I love this series and it keeps getting better! It kept me on the edge of my seat the whole time! Now, I can't wait for the next one!
