## Customer Reviews

I discovered Sunstone back on the artist's Deviantart page before it was being published, and I was already hooked by the end of the First Volume. When I heard it was starting to be printed and published, I was most definitely willing and eager to purchase each volume that was released, I even stopped reading on the artists page, just so I could experience the new moments of the story as I held the pages in my hand. I can't get enough of Lisa and Ally, the twists and turns of their story is both relatable and fantastical all at once, with dramatic ups and downs, and hilarious inner monologues from multiple perspectives. Even the framing of the story is entertaining. Having literally JUST finished reading Sunstone Volume 3 all I can say, is that I will most definitely be monitoring the Artist's Deviantart to find out when The next Volume will be released. All I can say is I love this

story so much I will NOT be saying Sunstone anytime soon...

Fantastic graphic novel! Not much specifically to say about this volume, you can see my review of Sunstone 1 for an explanation of the series, but Sejc continues the excellent art and storytelling in this volume. I'm definitely going to keep up with this!

Sweet, and hard, and loving, and tough, and very girly. Not the most lubricious of reads, but good for the human and humane story behind all the fiction. Not actually the steamiest around, but builds the whole mood beautifully.-- wiredweird

The works of Stjepan Sejc just keep getting better and better. The art extraordinary, the dialog so real you feel you already know all the chars. It is almost a crime that there are only 5 stars to give it.

At first glance, I'm sure that there are a number of readers who would perhaps be wary of a GN whose storyline includes explorations of the BDSM (Domme/sub) culture. However, Sunstone is SO MUCH more than that. The characters are colorful, rich, and complex; they are also hysterically funny at times, delightfully down to earth, and possess foibles and faults that I'm betting many of us are all too familiar with. Above all, Sunstone is a love story. And a truly heart-warming one at that. You will find yourself absolutely rooting for the main protagonists, Ally and Lisa, as they navigate their new relationship through good times, fun times, misunderstandings, and that eternal dance of truly getting to know, and allowing YOURSELF to be known, by another person whom you're attracted to. Stjepan Sejc is both a magnificently gifted artist and storyteller. Sunstone is definitely NOT one to miss!

I love this series. The characters are very well developed, instantly grab your attention and hold on. The subject matter is handled in a thoughtful and respectful manner. Alternative lifestyles are presented in a clear way, and examined by several different points of view by different characters within the book. If this were my lifestyle, this is how I would hope the people in my microcosm would approach life. The relationships are portrayed in very a very real manner, with awkwardness and fights getting as much attention as sexiness and romanticism. The respect paid to people of all different walks of life is just tremendous. I know I repeated that point, but I did it on purpose: the writers and artists should be commended for this portrayal.

Found this artist on Deviantart quite some time ago. I fell in love with the artwork, and then fell in love with the characters. As always, very high quality from Stejpan Sejc on both the artistic and storytelling fronts.

This series truly does display an enduring quality and at the same time a notable progression in the depth of the characters, the expansiveness of the plot, and the talent of the art and writing. Stejpan Sejc continues to explore his unexpected brainchild to the utmost, and every page is a stunning example of his artistic talent and storytelling prowess. His characters continue to grow and interact in realistic and engaging ways, and all of them continue to display qualities and depth worthy of any main protagonist in their own right, even the secondary characters. The continued realism in the display and examination of the BDSM lifestyle just feels more and more right with every volume, delving deeper into the real ways it affects the people who live it, and how they interact with each other and the rest of the world, even how it affects the growth of love and romance. Every genuinely passionate, erotic moment displayed through the exceptional art style and personalized writing further drives home how a romantic/erotic fictional work SHOULD be told. The series only continues to strive for quality, and I am heartily anticipating what kinds of twists and turns it will be taking next.
