Occasionally a story almost overwhelms one emotionally, and THE DESERT KING is definitely an example of this consuming power. From the first exceedingly gripping scene filled with open feelings to the last compelling moment, there is never a respite from the depicted emotions pouring off the pages between this most unforgettable couple. Olivia Gates has absolutely outdone herself in creating a deeply affecting love story with touching sentiments and two particularly appealing characters. There has only been one woman who has been able to bring Kamal Aal Masood under her control; that is, until he discovered the truth about Aliyah Morgan. She professed to love him

seven years ago, and although he also desired her above all others, he believes she is keeping secrets plus lying to him. When her addictions become known to him, any real feelings he had at the time are destroyed. Kamal regretfully knew their relationship had to end, and he informs her of how he never wants her in his life again. Destiny has a way of not adhering to one's wishes, as Kamal will shortly become the new King of Judar and the chosen queen for him will be Aliyah. With the recent disclosures of several misconceptions, he has learned marriage to the one woman whom he did not ever want to see again is the only way to keep peace in his desert kingdom. Though he has never forgotten one instant he shared with this stunning woman including all the tremendous heartache, he knows the future of his country is more important than his personal feelings and summons Aliyah to meet with him to discuss their upcoming marriage. From the moment these two are reunited, their inner declarations to not let the other have power over them in any way quickly dissolve, as emotions and passions come into play.

So you liked the first two Throne of Judar books and wanted more. Olivia Gates gives you more in The Desert King. More passion, more angst, more of that fabulous exotic background. And more Hero and Heroine. Kamal might be the baby of the family but he's taller and darker and angrier than both his brothers. We've seen a little of that dark side in the earlier books but now faced with his demons we get the full treatment. The breakup with Aliyah seven years ago marked both their lives drastically. The ruination of his young love affair and the disillusionment involved turned Kamal's life into a bleak desert far more dangerous than the deserts of his home country. For Aliyah, Kamal's abandonment almost destroyed her fragile sanity, only just recovering from a childhood dependency on misdiagnosed prescription drugs. Having rebuilt her life and recreated herself as a successful artist, the worst thing to happen was Kamal's re-emergence into her life. The marriage is required to maintain stability in the region and would be a temporary arrangement to provide an heir. Until things explode between the two of them on their wedding night. . So were was I? Oh yes. Aliyah is certainly no doormat and fights every inch of the way but the pair of them play off each other brilliantly with wit and humour showing that the explosive chemistry isn't just in the bedroom. All that needs to happen is for them to get over the mistakes of the past to find a brilliant future. If they don't make too many mistakes in the present. Olivia manages to pull the most angsty tear jerking moments out of the hat for these guys. I just love to see a strong man cry and Olivia doesn't mind making her men work for redemption.
