# The Gnostic Bible: The Pistis Sophia Unveiled

## Synopsis

"It came to pass, when Jesus had risen from the dead, that he passed eleven years discoursing with his disciples, and instructing them..." (The Pistis Sophia) The Apostles wrote down what Jesus taught them during those eleven years, resulting in "The Pistis Sophia," the most important Gnostic scripture. Includes an extensive commentary by Samael Aun Weor. "The Pistis Sophia" is a sophisticated and deeply mystical teaching given by Jesus about the suffering of Sophia as she attempts to ascend to the highest spiritual truth. This scripture is remarkable for its profound mysticism, its clear rebuke of unethical behavior, and its perspective on the spiritual role of women. Having read this text, it becomes very clear why the established religious powers attempted to obliterate the Gnostics, but failed. Study of this teaching also inspires a re-evaluation of how the Christian Gospels have been interpreted for centuries. About this scripture, the commentary author Samael Aun Weor said, ""The Hebrew Bible clearly connotes the Word of the Eternal One. However, we, the Gnostics, also have our very special Bible. I want to emphatically declare that this is The Pistis Sophia, whose original is in Coptic. It was found underground in Egypt, the land of the Pharaohs. The Pistis Sophia contains all the words of the adorable Savior of the world. It was written by the Apostles. Thus, all the Esoteric-Christic instructions that Jesus Christ gave to his disciples on the Mount of the Olives and other holy places is written within this book. This book had been conserved in secret for many centuries. In this book, the Adorable One left an extraordinary, formidable body of doctrine."

## Customer Reviews

I find it interesting that every so often I hear people condemn Samael Aun Weor "claiming to be Gnostic when in reality he has nothing to do with Gnosticism." Well, here it is in this book, open for all to read, that these accusatory words fall wayside upon the gigantic wisdom presented on the pages of this book. Many people today like the ideas of the Demiurge, Sophia, the Archons and Aeons, Judas, etc. Yet, those who interpret these ideas today do so as they have interpreted all the other religious ideas, and they do so ignorantly, because - as sincere as they may be - they have no gnosis. These "Gnostics" reject the very thing they think they are looking for. Acquiring gnosis is not a subjective whimsical thing as many believe, it is an exact and profound science, and if you do not know the methods, then you will be forever lost in the outer darkness. In here, we discover the true Gnostic doctrine for the public to read. I invite you to do so! Yet, if you do not comprehend the statements in the book, read simpler books such as *Revolutionary Psychology* and *The Great Rebellion: Gnostic Psychology and the Path to Liberation from Suffering*.

The Pistis Sophia has been a highly misunderstood text ever since its discovery. Many intellectuals, pseudo-theologists and historians like to attach their own meaning based upon information that they gather from their five senses. This book, *The Pistis Sophia UNVEILED*, has commentary by the greatest Spiritual Master of our times, the Gnostic Master Samael Aun Weor. The commentary and text alike are 100% Kabbalistic and Alchemical. It can only be understood in the light of Gnostic Kabbalah. This book was written by the witnesses of the teachings of Jesus Christ after His resurrection. Obviously, Master Samael is able to explain this work and His teachings for our times. A must read! But recommended to read it with the other books of Master Samael Aun Weor.

The Pistis Sophia Unveiled was written from the direct experiences of the author with the Master Jesus of Nazareth from within the Internal Worlds. In it, Samael Aun Weor has unveiled the profound Alchemical and Kabbalistic teachings of the Holy Master from Gallilee, which have eluded scholars and religious practitioners for years. This is because this body of knowledge cannot be grasped solely through the intellect, but is a matter of direct experience, independent of opinions, dogma, theories or beliefs. The author has only unveiled two thirds of the Pistis Sophia in that serious practitioners must come to realize these truths within themselves. It is a work for Initiates, or those who are "initiated" into this knowledge. This is not just a matter of believing, but is a matter of actually walking the Path and performing the necessary works. "But do you want to know, O foolish man, that faith without works is dead?" (James 2:20). The unveiled Pistis Sophia is really just that, guidance for those souls who are performing the Work. Much of what is taught in the Pistis Sophia is

never said, because it must be lived in oneself. As with Kabbalah (from Hebrew - kabbal: to receive) the real depth of this knowledge is received through experience, according to the capacity within each practitioner. Therefore, this knowledge can only be accessed through much patience, meditation, and psychological work upon oneself.

This is an esoteric treatise on an esoteric text. Please do not approach this book if you are beginning on the path of enlightenment. This book is a cryptic commentary precisely because the truths contained therein cannot be put into words easily. If the higher worlds could be explained with words, there would be no esotericism. Inner meaning only comes through meditation. If you are willing to meditate on this text, then maybe it's for you. It's not a weekend reader, nor is it academic.

They say that this book (Aun Weor's last, as well as unfinished) is the culmination of his life's work and profound wisdom. All I should say about this book, is that one should prepare oneself before reading this book...I would recommend becoming deeply familiar with the language of the Old and New Testaments first. As well, it would also help to learn a little more about the Gnosis left by Samael through his website [...] and through his many other texts. Holding this book in your hands is like experiencing life and death at the same time, it's like experiencing an unravelling mystery.

This is the authentic secret doctrine of the saviour of our world. It must be read, studied, and practiced with infinite faith to truly be comprehended. The amazing wisdom and love found in every page requires daily meditation. The terrific truths exposed clearly here are necessary for everyone. I am utterly thankful for this. So much so that I am actually going to stop typing and go read it now and then meditate on it.

This writer is extreme and rather cultish â |. unless reader is well versed in subject matter and able to discern between truth vs. personal agenda I do not recommend. Do your own research on this writer before ordering material.
