I FELT MY BELLY BUTTEN JIGGLE WHEN I READ THIS BOOK! Please note: the above review was written by my nine-year-old son after he finished this book on his Kindle, which is registered under my account. Apparently the boy is a fan of caps-lock and does not know how to spell "button". Time for a spelling test and a discussion of netiquette.

We enjoyed hearing the sister's point of view in this book while, at the same time, catching up with Rafe from the first book. As my son looks ahead to middle school, this book gives him insight into what awaits him.

I really enjoyed this book. I love to read for pleasure, and this book helped me to do just that. I really liked reading the Middle School: Worst years of my life from Rafe's point of view, but, personally, I enjoyed Georgia's side of the story even more. I highly recommend this book to anyone who loves to read as much as I do, so if you liked the Middle School: Worst Years Of My Life series, or you're a girl in middle school, I suggest you check out this book.

My son ( in 6th grade ) is in love with this book and the ones before it by James Patterson , he it hook ! I have read the books before for this was it is a great read it has some deep issue that the boy in the story has to deal with but it is all beautifully presented in a way children can understand and exposes them to things they may never experience . The books are for ages 6-8 grade As the title says Middle School . I think any children boy or girl will love it . The book is about a boy and his sister in this book it is his sister's side of the story in the first 2 books and the next 4 books are back to the main focus being the boy . Enjoy :)

I bought 40 books to complete my collection by S. Cannell, M. Connelly, J. Patterson, & J. Wambaugh. I haven't read all of them yet, but these guys have never disappointed, and I don't think that they ever will. That's why I read them.

Always a pleasure to order a book for my son. He loves to read and he just moved up to these books. James Patterson is one of my favorite authors so it's nice to see my own kid, interested in his books too.

Quick read and good story line. I would recommend to kids reading for A R at school. Truly a good book.

I loved this book as much as I loved all the others in the middle school series. As I read in Rafe's personality, it portrayed Georgia as a stuck up, spoiled "goody two shoes." After reading this book, I saw life in Georgia's eyes. There was- first the drama of being adopted. Also, she needs special

shoes due to one leg being shorter. Then there was envy for her brother, as he went to a special art school. I got to know a lot more about Georgia than ever before. She is now forced to go to his old school, where she constantly lives in his shadow he left hanging over the school. There is also the popular girls, who Georgia hilariously portrayed as spoiled princesses with sparkling dresses and makeup. Then she meets Rhonda, and there comes the issue of friendship. Does she want Rhonda's friendship, or does she want to fit in? Also, she must constantly watch out for the bully, the little brother of the bully who went after her own brother. To add to all the drama already, she ends up breaking the rules, getting detention, meeting a mysterious cute boy, and joining a band. As Georgia juggles all of life's issues, we feel as if we are besides her, witnessing it, aided by the illustrations provided. This is a wonderful book for anyone, and specifically anyone who is going into middle school! It kept me laughing at Georgia's irrasistable personality, crying at her struggles, boiling with anger when Rafe comes into the story, and scared as she is confronted by the popular girls or her bully. My personal favorite part that I will never forget is when Georgia put hot sauce in Rafe's spaghetti(I should do that to my own brother...)! Five stars to this wonderful story!
