Customer Reviews

The reason I wrote that title is because I'm the one who (12 going on 13) wrote the other ones on the other books about me and my family fostering. Patches was never fostered by the Peterson family though. In fact, only Lizzy and Charles ever saw him! Patches is an adorable little beagle puppy that Charles finds tied up in a garage. But, he can't save the puppy! Someone owns him, but they are not giving him the attention he deserves and needs. What will Charles do to save this little puppy from a lifetime of boredom? Why would anybody leave this adorable Beagle puppy tied up alone in a garage? Find out by buying this book! You will not be disappointed. I like this book a lot. But if you are going to get this book, you may as well get the whole series. They are great. You will fall in love with each puppy as you meet it.

I purchased this book for my child. She loves dogs and has one that looks similar to the dog on the cover. this book kept her attention and she asked for more from the series

Great stories of all different kinds of dog breeds. My daughter will read for hours and often finish the book in 2-3 days. Great for the dog lover in your family.

My 8 year old granddaughter recently discovered these books. So of course she had to call her MiMi to tell her all about them. I ended up buying 4 different books with requests from her for a few more. She loves the books and she loves her animals.

This is a book about a dog named Patches that was tied up in a garage and he did not get that much attention. He would howl and cry for more and more love. Then Charles would watch him and play with him then after a while someone came out of the house and he asked why he was there and he agreed that Patches he did not give Patches enough attention and he was going to sell him. Who did he sell him to?

This book is for people who like puppies.You NEED to read this book!! hope you like the book!
