The Four Hundred Silent Years: (From Malachi To Matthew)

Synopsis

It will be observed that my object has been, not merely to give a chronological outline of events, or a series of biographical sketches, but to trace throughout lessons and warnings for any who today, as those in the days of Nehemiah, have sought to return to and obey the word of God, in separation from the infidelity and apostasy of the times. Such are exposed to similar dangers "though of a spiritual character" as those which confronted the Jews. From their history we may therefore obtain valuable suggestions, and by carefully considering the causes of their failures, be preserved from falling into the same snares.

Customer Reviews

I like it. The 400 years between the OT & NT are great mystery. Josephus & others like him have written & given us glimpses of what happened. We have historical accounts of Alexander the Great & others to piece together & get an idea. This book summarizes all this information into a brief narrative. I appreciate the brevity & conciseness at only 91 pages. This is a great supplement to the Beth Moore Daniel study section where she discusses Antiochus Epiphanes. Now I can move into more in depth writings like "Josephus: The Essential Works".

Only a devout student of both the Old and New Testament and who has taken Jesus Christ as his Lord and Savior could truly understand the dedicated detail and insightful conclusions in this work. This ranks as one of my most helpful and inspiring theological readings. If a rank of 10 stars was available, this would receive it.

Fabulous as always. Harry Ironside is never disappointing.

Bought this book for my Kindle. Bought again as a hard copy. Love it!

Very reliable with Biblical truths to confirm.
