The Nephilim Chronicles: Fallen Angels In The Ohio Valley

Synopsis

Discover the "secrets" given to the Nephilim by the Fallen Angels. Discover who built Stonehenge and how it was the prototype of the many henges in the Ohio Valley. Discover the accounted giants in the Bible, called the Amorites and their numerology codex of Gematria that dictates 666 as the Sun Father and 1080 as the Lunar or Earth Mother and how these numbers are present in the Bible, Stonehenge and the Earthworks in the Ohio Valley. Discover the Amorites Sacred Geometry, and where it is found within the Earthworks of the British Isles and Ohio Valley. Discover a giant race called the Dinaric whose remains have been found in Jerusalem, in burial mounds at Stonehenge and the Ohio Valley. Discover the evidence of advanced mathematics of pi and square roots that was discovered by the Amorites and how it is evident at Stonehenge and within the earthworks in the Ohio Valley. Discover Semitic words found in Native American languages. Discover what Native American tribes were allied to and later absorbed the Nephilim giants. Discover what Native American tribes were the "Hopewell" mound builders in the Ohio Valley. Discover the northern Eurasian origins of the Sioux, Cherokee and Iroquois peoples. Discover the evidence that the Sioux, Cherokee and Iroquois were ancient seafarers who came to North America as early as 7000 B.C. This is a must read for anyone who wants to know the true ancient history of North America. It will also provide a historical affirmation of one of the most mysterious chapters in the Bible. Did a race of giant humans once roam the Biblical lands, Europe and North America? Over 300 historical accounts of giant human skeletons are presented for the first time. Massive human skeletal remains, burial mound types, symbolism, etymology, numerology and ceremonial centers are compared in the Biblical Levant, the British Isles and the Ohio Valley with stunning similarities. Genesis 6:4, "There were giants in the earth in those days; and also after that, when the sons of God came unto the daughters of men, and they bare children to them, the same became mighty men which were of old men of renown." The giant offspring of this union between the sons of God and the daughters of men were called the Nephilim. This book takes the leap from mythology to science to discover that the Nephilim were the last vestiges of primitive species; who were known for their gigantic height. The Nephilim spread from the Biblical Lands to the British Isles and the Ohio Valley. Their open-air earthen and stone temples and burial mounds, containing the remains of giants have stood the testament of time; leaving an indelible mark upon our soil. Herein are the historical accounts of the giant skeletons that have been discovered within burial mounds and subsurface tombs in the Biblical Lands, the British Isles and Europe and North America.

Customer Reviews

This is an absolute must for anyone researching or interested in the Ohio Valley Culture. The scholarship based upon thirteen years research is phenomenal and in depth, and blows away the stunted and prejudiced views of academia and the Smithsonian Museum, who has a BIG vested interest in covering up what Mr Zimmerman has uncovered. (No prizes for guessing where one of the above reviews came from) There were giants in Ohio. No doubt. Do you want to know where they came from and why? And why this culture bears such strong similarities with the cultures who built Stonehenge in England and the thousands of Dolmen mounds in the Middle-East? The evidence is overwhelming. This is the book for you. It won't make you a college graduate, the information in this book would upset too many people, but it will place the truth in your lap.

The book is well documented. Giants were real. They had their own religion and society globally. One culture with burial mounds, special knowledge etc... They brought in the bronze age. Every hinge is aligned to some solar event. Unbelievable that no one until now has put the pieces together. Well done Fritz.

A thoroughly and competently researched work. The unmistakable conclusion to anyone who reads this is that a race of giants most certainly existed in the past. The arrogant academic would have a stroke if forced to read this, instead they will settle to dismiss it in one pathetic sentence instead of intelligently debating the facts. The hundreds of giant skeleton reports from decades apart all over the country state the same anatomic abnormalities over and over again. Double rows of

teeth, unusually thick skulls, jawbones so large they could pass over the face of a living man, skulls so huge they could be fit over the head of a living man. How could this be a hoax, the same info. is in Smithsonian Ethnology reports, American Antiquarian, Scientific American, New York Times Headlines, town and county histories, it's not like the internet existed and these bizzare anomalies could be widely discussed. Giant skeleton reports from the top of the archaeological profession like Warren K. Morehead (the dean of American Archaeology) prove not only the reality but the cover-up as well. A day of reckoning is coming for all the arrogant defenders of the status quo, a tsunami of evidence is sweeping in to make people loose faith in all the worthless institutions who have disempowered humanity for way too long. Fritz Zimmerman adds to this evidence and should be commended for investigating a subject that needs competent research.

I can't rate this book yet, because I haven't finished it. But I noticed a couple of negative comments about the subject matter. If anybody is old enough, they will remember that 7 to 9 foot tall skeletons were found in the Cahokian Mounds. This was well accepted as factual through the 1960s, but somewhere since that time, these details have disappeared in favor of claiming Native Americans as builders of the mounds. Well, I happen to be almost half Cherokee, and can attest to the fact that this is in direct conflict with the oral history of the nations. The assertion there is that Native Americans were slaves to a rather large people who used them to build the mounds, so I wouldn't be so quick to jump. At this point my view on this book is so far, so good. I will update this report when I am finished.

As a writer of subjects of the paranormal and ancient mysteries, I was thrilled to find this book. It was well researched, coherent, logical, and had so much information I wouldn't have come across on my own research. I consider this to be a keeper on my reference shelf and a well thought out and intelligent work.

If you are interested in the real history of North America you must read this book! The author Fritz Zimmerman has done his homework! He has collected hundreds of newspaper stories and archeological and ethnological reports from the 19th and early 20th centuries to prove, beyond a shadow of a doubt, that Amorite giants roamed the Americas from coast to coast. This history has been deliberately hidden and obscured by archeologists and institutions such as the Smithsonian for years--they don't want you to know the truth--that thousands of years ago an ancient race of giants migrated to the Americas, established complex societies, and mined copper from the Great

Lakes Region. If you are interested in the burial mounds found in Ohio and in other states you need to get this book and read it for yourself. After finishing the book I ordered Mr. Zimmerman's other book "The Nephilim Chronicles: A Travel Guide to the Ancient Ruins in the Ohio Valley" --and I cant wait to read it!

I haven't finished this book yet to be fair, but my enthusiasm for it waned quite a bit as i discovered that it is seemingly a unorganized series of data captures from mostly old newspaper clippings and other sources. Things about finding Giant skeletons and remains and such. I see little so far in the book tying it in with the concept of fallen angels, so far anyway...

I was disappointed with this book. I was taken in by the good reviews of other readers.this book is a history of the evolution of man and is a fair read for subject. But it does not cover the subject of the BOOK! Fallen Angels, Nephilim in Ohio. you need to buy another book on that subject if your interested. Not a lot if infoon Fallen Angels.
