BEYOND JUSTICE

Synopsis

The breakout novel of New York Times bestselling author Joshua Graham. Fans of John Grisham, Stephen King, Michael Connelly, Dean Koontz, Ted Dekker and Frank Peretti will love Beyond Justice. BEYOND JUSTICE THE DESCENT INTO HELL IS NOT ALWAYS VERTICAL... Sam Hudson, a reputable San Diego attorney, learns this when the authorities wrongfully convict him of the brutal rape and murder of his wife and daughter, and sends him to death row. There he awaits execution by lethal injection. If he survives that long. In prison, Sam fights for his life while his attorney works frantically on his appeal. It is then that he embraces the faith of his departed wife and begins to manifest supernatural abilities. Abilities which help him save lives- his own, those of his unlikely allies-and uncover the true killer's identity, unlocking the door to his exoneration. Now a free man, Sam's newfound faith confronts him with the most insurmountable challenge yet. A challenge beyond vengeance, beyond rage, beyond anything Sam believes himself capable of: to forgive the very man who murdered his family, according to his faith. But this endeavor reveals darker secrets than either Sam or the killer could ever have imagined. Secrets that hurtle them into a fateful collision course. BEYOND JUSTICE, a tale of loss, redemption, and the power of faith.

Customer Reviews

I will give you fair warning before you pick up *Beyond Justice* by Joshua Graham - - the next 24 to 48 hours of your life will be utterly consumed by this book. I can be an intense, all-inclusive reader but it takes a special book to have my unconditional and unwavering attention from page one to the conclusion. *Beyond Justice* does just that; it draws you in from the first page and literally does not let go of you or your emotions until the rollercoaster conclusion. Author Joshua Graham has managed quite a feat in writing a powerfully gripping legal thriller, featuring a brutal serial killer, that includes thought provoking views on faith and divine intervention. Neither the brutality of a merciless killer nor the religious overtones are too graphic or overwhelming to upset readers who generally do not prefer genres of either type. The legal aspects are hit upon hard, most especially dealing with a criminal trial and wrongful conviction. Even knowing that central character Sam Hudson would be convicted and imprisoned, my heart remained in my chest while reading of the trial and the horrors awaiting him in prison. I was absolutely captivated by Mr. Graham's writing, leaving me with a strong emotional connection to Sam and his adopted family of supporters. I liked Sam, I thought him a realistic and endearing character and more importantly, I cared about Sam. I wanted him free and exonerated and I wanted justice for him. To say Sam's story was mesmerizing would be a gross understatement. Sam's story, told through the able pen of Mr. Graham, is inspiring in every aspect.

This is an edited review. When I first read this book, I was under the impression that it was a new author writing self-published Christian thrillers. For that, I was willing to overlook the problems in the book and focus primarily on the good points. However, having seen how the book is being sold in the market place, as well as other issues, I have changed my view and am writing this review instead: First, let me say that this book attempts to do two things that I appreciate in Christian literature. First, it attempts to convey the gospel. I appreciate that. Second, it attempts to step outside the cookie cutter, life is wonderful mold most contemporary Christian fiction fits into. Granted, if the author is trying for gritty realism, he is no match for Flannery O'Connor, but for current Christian fiction, he is trying. I'll give him that. Now the problems. The Marketing In all fairness, how a book is sold should not be part of its review, except for in this case, marketing is what Joshua Graham is all about. His "best selling" status is based on the marketing and marketing alone. Thus, it is fair game. It is hard to believe that Joshua Graham is not expecting his book to look like a John Grisham book. The name, the typeface, the cover graphics, etc. All of it mimics John Grisham books. His newest

release is being co authored by a "Jack Patterson." One only needs to scan the 1-star reviews to see how well this ploy has worked. Also, every negative review of this book is immediately marked with a "not helpful" tag. Yes, some keyboard warrior working on behalf of Mr. Graham is making sure that the people who have been misled, or have serious issues with the book are seen as less helpful.
