(I just received this today--The Complete Calvin and Hobbes! 10/4/05)4.9 StarsThe collection consists of 3 books within one slipcase. Each page notes the date(s) of original publication of the strip(s) on that page. The strips have an appearance of being imposed on the page separately in respect to their original publication dates. This differs from other Calvin and Hobbes collections/treasuries; within those pages you find the strips laid out as a combined whole without distinction between each strip. There are also, of course, the wonderful watercolors by Watterson which appear occasionally, on pages respective of content and chronological order. Book One starts with a 14-page introduction/forward written autobiographically by Watterson on his view of comics and his relationship with Calvin and Hobbes. Includes photo of Sprite and a few other comics/early

works by Watterson, as well as an early version of Calvin and Hobbes. Book One includes all the comics of 1985-1988; Book Two 1988-1992; Book Three 1992-1995. This is definitely an archival collection and not ideal for constant casual perusing, though the attractiveness makes it hard to resist. The printing, layout, paper, binding are beautiful but any wear and tear would be heart-breaking. This leads me to describe one drawback: these books aren't really hardbound books. They look so, because of their hard covers, but actually they are what's called "cardboard articles", meaning the pages are not stitched to the spine, and instead glued. Albeit, this is common book binding practice, but I'm sure most of us wouldn't have minded paying some more for real hardbound articles for the sake of longevity in preservation.

Let me first say that Calvin and Hobbes is by far my favorite cartoon strip of all time. Even better than Far Side. When I first heard that this complete set was coming out I was thrilled! Finally all of Bill Watterson's work would be available in one deluxe book set! This is why I was kind of upset after really going through the set to find out that it's really not complete. It's very close...but definitely not complete. Sure this set contains all the comics that ran in the newspapers, plus the cover art for the books, and various other special pictures/poems Bill drew for the series... but if you check out some of the older Calvin & Hobbes collections that were released, you'll find a whole bunch of really funny one-picture strips mixed in with the comic strips that are not included in this set. These were never put in the newspapers, they were probably made specifically for the older collections just to fill up space. For example, one of these one-picture strips featured in the very first Calvin and Hobbes collection shows a terrified Calvin in the back of car his Mom is driving holding up a big sign to the other drivers that says he's been kidnapped. Hilarious stuff...which makes me wonder why it wasn't included in this "COMPLETE" Calvin and Hobbes set. Then there's also a bunch of pictures at the beginning and end of certain Calvin and Hobbes collections that didn't make it to these sets. For instance, at the very end of the collection "Scientific Progress Goes Boink", there is a large picture showing Susie looking down on the sidewalk shocked to see a crude drawing of herself, while Calvin and Hobbes are laughing behind a tree. Why wasn't this included?! All in all, I do realize that I'm nitpicking with these left out pictures and one-picture strips.
