# A Mid-Summer's Mail-Order Bride (Holiday Mail Order Brides Book 12)

## Synopsis

Bernice Caulder has been unlucky in love for as long as she can remember, and now that she was a mail-order bride, she wondered if her bad luck didnâ€™t follow her from her home town of Independence, Oregon all the way to Nowhere, a tiny speck of a town in the Washington territory. Why else would her husband-to-be be having such a hard time making up his mind about her? Warren Johnson had his life all planned out, and it didnâ€™t involve a wife any time soon. But when his grandfather ups and orders him a mail-order bride (not to mention fails to tell Warren about it) his life is turned upside down. He didnâ€™t want a wife, didnâ€™t plan on a wife, and by golly, he was going to make sure he stuck to his lifeâ€™s schedule! But did fate have other plans?

## Customer Reviews

This is the 12th book in the Holiday Mail-Order Bride series by Kit Morgan. While I believe that you could read this book on its own, it does have characters and back story that reach back through the series. The setting brings us back to Nowhere, Washington and many familiar characters. It was almost like a "family-reunion" getting to visit with the Rileys, the Quinns, the Weavers, and even the

Davis family. Bernice Caulder travels from Independence, Oregon to be a mail order bride, but as with most books in this series, the groom is unaware of his pending nuptials. I'm drawn to the characters in a story, and I've really connected with Bernice over the last several books. When she was first introduced, I didn't like her because she seemed to interfere with the main characters. However, over time I began to see new facets and nuances of this misunderstood and socially inept young lady that made me hurt for her. In this book, Bernice is out from under the poor influences that have lead her to make poor choices. Now she has to learn to stand up for herself and be her own champion. I think that is the real triumph of this story. Finally, this book made me laugh and that is another reason that I recommend it.

I love Kit Morgan's books and this is another great one in the series! I only wish they were longer!! A great, humorous, mail order bride story in the series! When Bernice finally gets tired of her mother's bullying and controlling her life ( and all the single men are now married in town), she decides it's time to leave. With the help of a few friends, Bernice answers an add for a mail order bride in Nowhere. After one letter her stage ticket arrives and off she goes to get married. Bernice is so excited! When she gets to Nowhere, there's just one little problem; the groom didn't send for her and doesn't even want a wife!! What follows is a very entertaining and enjoyable romance with all the fun and quirks you can only find in a Kit Morgan book. I recommend this book to anyone who enjoys clean, funny, mysterious and quirky romances. You'll finish them all with a smile!

Kit Morgan has done it again. I just love this series (love all her series). I am so glad that Bernice got her story. Plus we got to see characters from some of the previous books. The Weaver twins are always up to something.

I cannot believe poor Bernice Caulder is finally a bride. She left Independence to go to Nowhere to become a mail order bride. Warren did not send for her but his grandfather Mr. Johnson did. It is a very good book to read as well as the first eleven were. They started out in the town of Nowhere, now they are back after all the single men in Independence were married off. It will be interesting to see how the three Weaver men find a bride and just who would tame the twins enough to make a serious groom out of them. I am really looking forward to see how that turns out.

Wow, is all one can say when reading one of Mrs. Morgan's books. They are funny, entertaining and you can't help but keep turning the pages. You could only wish that the bride in this one had no

trouble hooking her groom. Yet, of course nothing ever goes as plans. Mrs. Morgan takes us on a honest journey to a happy ending with promises of more to come in her mail order bride series. One runs out of adjectives to describe how good this series is to read. I can't put it down when I pick one up. They are worth reading again and again.

Bernice Caulder finally got her story and her man! Bernice became a mail order bride to Nowhere. Warren Johnson came home from college and found out Grandpa had ordered him up a special present. This story had me chuckling throughout. Throw in the Weaver's, a family of skunks, and Apple Boy and get ready for a rip-roaring good time! What will the mail order bride stagecoach bring next for us to enjoy? Kit Morgan never disappoints as she brings her devilish humor to print from the romantic old west!

This book warms the heart as Beatrice and Warren find their way through a unexpected bride , as heartbroken Beatrice knows her Warren doesn't want her but between missing women, the Weaver clan coming to Nowhere, and a family of skunks can they ever find their way to happy ever after?

After appearing in several of the series' books, Bernice Caulder finally gets her own chance at love. She's finally come into her own and shows a maturity that was lacking in previous books. Which bodes well as her intended is a rather indecisive gent. Does all work out in the end? Read the book and find out.
