Do you know that bears go to sleep in the winter, and sleep all winter long?The author, Melinda Kinsman, has written a lovely story about Molly the mouse, and her friend, the bear. One day Molly was cleaning the floor in the kitchen when she heard a knock at the door. She asked who it was, and the voice answered that he was a bear and was cold and lost. Molly decided he must be friendly and let him in. She got her lamp and told the bear she would help him find his home. The bear was awakened in his long sleep by a feather that tickled his nose. They went out in the forest and found the bear's home, a cave , where his mother was sleeping. He went inside and went to sleep. Molly went home to get some food because bear said he was hungry. She brought back some friends and a big basket. When you read this book you will discover what occurs next. Parents/teachers will enjoy reading this book to their children. The children will enjoy hearing about a mouse and a bear who are friends. There are always lessons to be learned in the author's stories, and that is such a good thing. The illustrations are bright and vivid and colorful. They depict the adventures of Molly the mouse and the bear. One of my favorite parts of this book is that it is written in rhyme, and that is so much fun for children. My granddaughter loves to hear rhyming words and pronounce them with me when I read. The author, Melinda Kinsman, bases many of her stories on The Top of the Wardrobe Gang series, and Molly the Mouse may be a new addition. A fun story with a lesson to be learned. Recommended. prisrob 02-19-16

Molly Mouse And The Bear Cub Cover Art: Adorable All the little ones around my house love Melinda Kinsman's rhyming books! Illustrations are beautiful. Molly Mouse and the Bear Cub will be a favorite for sure. Build a home library for your children, encourage them to read, and stock the

shelves with this book and other amazing books by this author! Review by author of: "Lulu's Green Luge" & "The Fishy Adventures of Gus, Toby, and TooToo" (BIG TALES 1-4)

Melinda Kinsman did it again with this fabulous bedtime story for young children titled, "Molly Mouse and the Bear Cub." I not only love the story line, but I love the message that it entails surrounding diversity. A little mouse has compassion for a baby bear (cub) that arrives at her house in the dark, and frightened. The bear cub is escorted back to his den where his mother is resting, and tucked back in with lots of snow to keep them both warm. I especially love the line where Molly mouse visits the den each evening to assure the baby cub is still asleep and doing well (my conclusion). Again, I would be remiss not to mention the vibrant-colored illustrations author Kinsman places so well through this book, and again the activities at the end of the book is another added delight. You'd want this bedtime story at your fingertips for sharing with your favorite little ones.

British author Melinda Kinsman both writes and illustrates her popular children's books from her home on a small peninsula called The Wirral, in North West England. Melinda has to lie down a lot each day, due to health issues, she spends most of that time using her iPad to write and illustrate her books. That most assuredly does not deter her from composing excellent books that entertain both children and the lucky adults reading to them! For those who are new to Melinda's series of books, welcome to The Top of the Wardrobe Gang - a team of cuddly toys who write the stories and ideas in this (and other) books. In this Book 9 Melinda introduces Molly Mouse and her new friend the bear cub. It is winter and Molly is read for bed when she notices some big eyes at her window â€œ eyes that belong to a bear cub who woke up during his hibernation and has no where to go. Molly swallows her fear, replaces it with ideas of kindness, gathers her fellow animal fiends and provides food and music so that the bear cub can sleep soundly. A sweet rhyming story with a very fine lesson about befriending those in need and gathering friends together on a mission of good will. It works splendidly well! And the added information about bear habits and games Melinda created to further engage the imagination of children is in keeping with her tradition with binding entertainment with learning. Great beginning middle and end for teaching this concept of story telling. Good pictures to go with the narration. Straight storyline so that it is not confusing. Vocabulary is not controlled. There is a lot of remedial teaching that can happen with this book. Keep writing these kinds of book for Kindle!!!!

Another adorable rhyming picture book to add to my collection. I'm telling you, each of Melinda Kinsman's new books is cuter than the last! I think this one is my favorite, perhaps because I love woodland creatures so much :) The rhymes were perfect and very creative. The story was super sweet. I would LOVE to see more of Molly the mouse and this adorable bear cub. Home Run!!!
